Styrene-butadiene copolymers due to the relative proportions of vinylidene and vinyl groups, or to copolymerization of styrene with substituted styrenes. The following table is a summary of the typical effects on viscosity.

Reproductive health programs that are designed to increase the number of women participating in family planning are more likely to succeed if they also address the barriers to contraceptive use, such as lack of information, access, and social support. This is especially true for women who are poor, who live in rural areas, and who are young.

² The concept of the *reluctant hero* has been the subject of extensive scholarly discussion in the field of American literature. In general, this concept has been defined as a hero who is reluctant to accept the role of a hero and who is often reluctant to accept the role of a leader. This concept has been used to describe a wide range of characters in American literature, from the reluctant hero of the American West to the reluctant hero of the American South.
