

Mock Trial Script

Note to Teachers:

This is a complete script of a mock trial to help the students visualize and practice the lines and proper courtroom etiquette of a trial.

The specific statements of different characters are included, along with space for filling in original content in preparation and for use during the trial.

It can also be used as an option way for observing students to follow the trial as it happens to be used for reflection afterward.

This outline is adapted for a civil case and use in *Bergeron v. Glampers*. However, it can be adapted to any trial and can be useful as both a preparation and a note taking resource.
