**Number Sense Routines** Jessica Shumway, 2023-10-10 Following up her best selling book Number Sense Routines Building Numerical Literacy Every Day in Grades K 3 Jessica Shumway turns her focus to upper elementary classrooms Number Sense Routines Developing Mathematical Understanding Every Day in Grades 3 5 is about tapping into every child s innate number sense and providing daily connected experiences that are responsive to children s learning needs Consistent Daily Routines Work Adaptable to any curriculum Shumway s 5 10 or 15 minute warm up routines are an easy and effective way to build and solidify students number sense foundations as a supplement to any program Planning and Facilitating Your Classroom No matter how familiar the routine Shumway provides insight on how to keep daily warm ups fresh She reveals careful thinking and planning that goes into each routine and offers detailed vignettes and dialogues of how they unfold in real classrooms Assessment Strategies As students engage in the process each routine becomes an exciting opportunity to gain insight into where they are in their understanding and help students articulate their mathematical thinking Identify Big Ideas Not only will these math routines help develop students mathematical understanding as they move towards using standard algorithms but teachers will learn to better recognize the big ideas that emerge in discussions how to encourage important strategies based in number sense and how to facilitate conversations on key mathematical concepts These routines may appear in other places but I have never seen them written in such detail and with so many

variations Although she makes what she does sound easy we all know that teaching math well is anything but easy It is challenging and complex Unpacking what students are saying helping them make connections not only to the math but to each other s ideas while simultaneously recording their ideas using mathematical models visuals or equations is no easy task Jessica provides wonderful visuals examples of student work and so much more to help educators develop the tools they need to improve their practice and in so doing improve student learning From the Foreword by math coach and consultant Lucy West

**Math Connections** Dinah Brown,2000 *Focus in Grade 4* Jane F. Schielack,2009 Shows teachers and others how to organise instruction in grade 4 around the three Focal Points that Curriculum Focal Points identifies for this grade level Practical suggestions support focusing on developing quick recall of multiplication and division facts and fluency in whole number multiplication understanding decimals and their connection with fractions and working with area and the areas of two dimensional shapes

Math Is Everywhere Colleen Uscianowski,2019-12-15 Opportunities to notice and talk about math are everywhere Use these math pictures for classroom math talksThis math photo book can make math part of your daily routine and math talks which helps students find the fun and the relevance in math This can be especially helpful for students with disabilities or those with math anxiety The photos you ll find in this book are examples of real world math which help our students see math as more than a set of rules we memorize in school Use the math photos to show students how we can find math in our everyday world such as outside in nature around our neighborhood in our home and classroom and at the supermarket Each math picture comes with a set of questions you can ask students to encourage their math thinking and spark math talk Use this math book for extra math practice in the 3rd grade math classroom 4th grade math classroom and 5th grade math classroom
