**Lignes de fuite** Félix Guattari, 2024-08-30      *Guattari Beyond Deleuze* Carlos A. Segovia, 2024-11-08 This book argues that by virtue of his original and ongoing contribution to ontology and modal philosophy from the texts gathered in *Psychanalysis and Transversality* to the unpublished manuscript notes for *What Is Philosophy* Guattari is to be acknowledged a philosopher in his own right independently from Deleuze Furthermore it looks back and forth beyond *Anti Oedipus* and contends that Guattari's major writings gradually supplement deterritorialization with determinability Accordingly it offers a new interpretation of the nuanced development of Guattari's philosophical thought which it proposes to define as constructivist rather than post structuralist Additionally it explores the innovative responses that Guattari's philosophy supplies to various contemporary philosophical debates like those on accelerationism indeterminacy compossibility and worlding Finally it examines the differences that upon a careful cross reading of their earliest texts including *The Anti Oedipus Papers* and *Difference and Repetition* must be drawn between Guattari's constructivism and Deleuze's sacrificial philosophy

Boundas, 2017-12-14 This volume presents the concepts of schizoanalysis and ecosophy as Felix Guattari and Gilles Deleuze understood them in interviews and analyses by their contemporaries and followers This accessible yet authoritative introduction is written by distinguished specialists combining testimonies from some of Guattari's colleagues at the La Borde psychiatric clinic where he practiced with expository essays on his main ideas schizoanalysis and ecosophy as well as his relations with Lacan The last section of the book deals with the subsequent creative application of those ideas by his philosophical and psychoanalytic followers situated within the contemporary moment This collection also provides the crucial historical context of France at the time Guattari was developing his concepts including the role of the Maoists and the

significance of the political situation in Algeria      **Chromatikon VI** Michel Weber, Ronny Desmet, 2011-01-15 Le réseau Chromatiques whiteheadiennes a pour objectif premier de fédérer les recherches sur les différents aspects      **Foucault. Repenser les rapports entre les Grecs et les Modernes** Hans-Jürgen Lüsebrink, 2020-02-25 T00:00:00-05:00 L'un des aspects les plus intrigants de l'œuvre de Michel Foucault réside dans son intérêt tardif pour la pensée antique plus spécialement pour la culture grecque et son héritage romain qu'on peut faire remonter ses recherches ayant mené à partir de 1976 son Histoire de la sexualité Du fait même de l'infléchissement que connut alors sa pensée Foucault fut même à établir des liens tous regards originaux et même surprenants entre la pensée antique et la réflexion moderne En le lisant c'est une tradition de près de 2500 ans qui s'offre d'un coup à notre regard Que nous apprend sur notre histoire le fait de mettre en parallèle les propos de Socrate et ceux de Kant quoi peut servir l'interrogation menée sur la sexualité antique si ce n'est peut-être la dépsychologiser la dépathologiser la détaxonomiser et ainsi la désenclaver de ses classifications ultérieures Que nous enseigne le fait d'entendre par modernité non plus une époque particulière de l'histoire mais une manière d'être des individus une certaine attitude adoptée ce que les Grecs soulignaient Foucault appelaient un *thos* De quelle manière finalement l'esprit critique moderne s'écrit-il de l'esprit critique antique Les textes ici rassemblés posent ces questions Foucault avec Foucault et parfois aussi contre Foucault en cho toujours ce courage de la vérité dont il incarne si splendidement l'exemple      **The Reinvention of Social Practices** Gary Genosko, 2018-03-27 The Reinvention of Social Practices shows the relevance of Félix Guattari's thought for the analysis of contemporary social and cultural encounters ranging across an alternative skateboard school informatic subjugations urban ecological dilemmas drug subcultures and countercultures Gary Genosko the leading English interpreter of Guattari expands upon Guattari's conception of schizoanalysis as a transformative process of critical self-modelling that leads to the creation of new maps of existence highlighting an interpretive dream pragmatics a peripatetic psychiatric practice a rethinking of epilepsy and a post media vision of digital interfaces beyond the keyboard The folds of Guattari's collaborations with Gilles Deleuze and Antonio Negri are explored and his philosophical friendship with Franco Bifo Berardi is brought into focus      **Lines of Flight** Félix Guattari, 2015-12-17 As an analyst philosopher and militant Félix Guattari anticipated decentralized forms of political activism that have become increasingly evident around the world since the events of Seattle in 1999 Lines of Flight offers an exciting introduction to the sometimes difficult and dense thinking of an increasingly important 20th century thinker An editorial introduction by Andrew Goffey links the text to Guattari's long-standing involvement with institutional analysis his writings with Deleuze and his consistent emphasis on the importance of group practice his work with CERFI in the early 1970s in particular Considering CERFI's work on the genealogy of capital it also points towards the ways in which Lines of Flight anticipates Guattari's later work on Integrated World Capitalism and on ecosophy Providing a detailed and clearly documented account of his micropolitical critique of psychoanalytic semiological and linguistic accounts of meaning and subjectivity this work offers an astonishingly fresh set of conceptual tools for

imaginative and engaged thinking about capitalism and effective forms of resistance to it     Le Jacquard ,1905
