Mastering Modern World History Norman Lowe, John Traynor, 2022-06-30 The sixth edition of this bestselling book takes students on a journey through the 20th century and provides a clear overview of the key events which have shaped modern world history. Key changes include: New material on the Second World War beginning with the outbreak of war between China and Japan and touches upon Italy's campaigns in East and North Africa and Civil Wars taking place in China, Spain and the Ukraine. Coverage of new historical interpretations of the events that led to the First World War. New chapters on the history of the United States of America. Essays on Propertian and Ovidian Elegy T. E. Franklins, Jennifer Ingleheart, 2024 This Festschrift in honour of the classical scholar Stephen Heyworth brings together eleven experts on the genre of Latin elegy. All chapters focus on the close reading of elegiac texts, primarily by Ovid and Propertius.

The Crossover Novel Rachel Falconer, 2008-10-21 Highly recommended by Choice. While crossover books such as Rowling's Harry Potter series have enjoyed enormous sales and media attention, critical analysis of crossover fiction has not kept pace with the growing popularity of this new category of writing and reading. Falconer remedies this lack with close readings of six major British works of crossover fiction and a wide-ranging analysis of the social and cultural implications of the global crossover.
