## **Latino Homicide Immigration Violence And Community Criminal Justice Series:**

**Latino Homicide** Ramiro Martínez (Jr.), 2002 This volume is a comprehensive collection of critical essays on *The Taming of the Shrew* and includes extensive discussions of the play's various printed versions and its theatrical productions. Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play. The issues discussed include gender authority, female autonomy and unruliness, courtship and marriage, language and speech, and performance and theatricality.

**Criminal Justice Series** Ramiro Martinez, 2002 According to some politicians and much of the mainstream media, immigrant populations only contribute crime to their communities. Seen as unmotivated and unemployed, these immigrants are thought to be a threat to society's moral fiber and a burden to its justice system. Ramiro Martinez tells a very different story in *Latino Homicide*. Studying five major cities: Chicago, El Paso, Houston, Miami, and San Diego, Martinez reveals Latino homicide rates to be markedly lower than one would expect given the economic deprivation of these urban areas. Far from dangerous or criminal, these communities often have exceptionally strong social networks precisely because of their shared immigrant experiences. With fascinating case studies drawn from police reports and actual cases, *Latino Homicide* refutes negative stereotypes in a coherent and critically rigorous analysis of the issues.

**Latinos and Criminal Justice** José Luis Morín, 2016-03-28 This unique compilation of essays and entries provides critical insights into the Latino experience with the U.S. criminal justice system. Concerns about immigration's relationship to crime make accurate information and critical analysis of the utmost importance. *Latinos and Criminal Justice: An Encyclopedia* promotes understanding of Latinas and Latinos and the U.S. criminal justice system at the same time, dispelling popular misconceptions about this population and criminal activity in the United States. Unlike a traditional encyclopedia comprised solely of A-Z entries, this work consists of two parts. Part I offers detailed essays on particularly important topics. Part II provides brief A-Z entries. Topics are crossreferenced to enable easy research. Among the wide range of topics covered are policing and police misconduct, incarceration, the war on drugs, gangs, border crime, and racial profiling. Historically important issues and events relative to the Latino experience of criminal justice in the United States are also included, as are key legal cases.

*The Routledge Handbook on Crime and International Migration* Sharon Pickering, Julie Ham, 2017-07-14 The *Routledge Handbook on Crime and International Migration* is concerned with the various relationships between migration, crime, and victimization that have informed a wide criminological scholarship, often driven by some of the original lines of inquiry of the Chicago School. Historically, migration and crime came to be the device by which Criminology and cognate fields sought to tackle issues of race and ethnicity, often in highly problematic ways. However, in the contemporary period, this body of scholarship is inspiring scholars to produce significant evidence that speaks to some of the biggest public policy questions and debunks many dominant mythologies around the criminality of migrants. The *Routledge Handbook on Crime and International Migration* is also concerned with the theoretical, empirical, and policy knots found in the relationship between regular and

irregular migration offending and victimization the processes and impact of criminalization and the changing role of criminal justice systems in the regulation and enforcement of international mobility and borders The Handbook is focused on the migratory fault lines between the Global North and Global South which have produced new or accelerated sites of state control constructed irregular migration as a crime and security problem and mobilized ideological and coercive powers usually reserved for criminal or military threats Offering a strong international focus and comprehensive coverage of a wide range of border criminal justice and migration related issues this book is an important contribution to criminology and migration studies and will be essential reading for academics students and practitioners interested in this field

**Latinas/os in the United States** Havidan Rodriguez, Rogelio Saenz, Cecilia Menjivar, 2007-11-21 Clara E Rodriguez As is befitting a book on Latinas/os at the start of the 21st century the chapters in this volume reflect the contemporary panorama of Latinas/os in the United States Today Latinas/os are the largest minority group They accounted for 12.5% of the total U.S. population in the last decennial census recent estimates showed the Hispanic population to be 41.3 million as of July 1, 2004 or 14% of the nation's total population However this estimate does not include the 3.9 million residents of Puerto Rico who are also U.S. citizens and would raise the total to 24.52 million This would make the U.S. population of Latinos the second largest Spanish origin population in the hemisphere after Mexico The growth of this population since 1980 has been dramatic Hispanics/Latinos grew more than seven times faster than the population of the nation as a whole increasing by half whereas the white non Hispanic population increased by only 6% between 1980 and 1990 U.S. Bureau of the Census 1991 Table 1 U.S. Bureau of the Census 1993 p. 2 In the 1990s the Hispanic population increased 58% Moreover between 2003 and 2004 one of every two people added to the nation's population was Hispanic/Latino Consequently not

only are Latinos a substantial part of the U S population but they account for half its population growth

Immigration and Crime Jacob I. Stowell, 2007 Stowell examines the impact of immigration on violent crime Criminological theory and particularly social disorganization theory has held that immigration is inextricably linked to crime Stowell tests whether patterns of neighborhood level violence are partially attributable to the population characteristics of an area and in particular to its nativity composition His analyses offer both support for and challenges to social disorganization theory Consistent with theoretical expectations immigration is found to be indirectly associated with levels of violence Little support however is found for the notion that immigrants are a largely homogeneous population or that immigration is positively associated with property crime The results call for a refinement of the disorganization theory one that is sensitive to the differences among the foreign born population and one that does not assume a negative impact of immigration on neighborhood social structure and violence

**BOOK JACKET** Battleground Immigration: A-L Judith Ann Warner, 2009 A Z entries explore the most critical debates surrounding immigration in the U S today

**Immigration and Crime** Ramiro Martinez, Jr., Abel Valenzuela, Jr., 2006-07-01 An essential collection that argues fears of immigrant crime are largely unfounded The original essays in this much needed collection broadly assess the contemporary patterns of crime as related to immigration race and ethnicity Immigration and Crime covers both a variety of immigrant groups mainly from Asia the Caribbean and Latin America and a variety of topics including victimization racial conflict juvenile delinquency exposure to violence homicide drugs gangs and border violence The volume provides important insights about past understandings of immigration and crime many based on theories that have proven to be untrue or racially biased as well as offering new

scholarship on salient topics Overall the contributors argue that fears of immigrant crime are largely unfounded as immigrants are themselves often more likely to be the victims of discrimination stigmatization and crime rather than the perpetrators Contributors Avraham Astor Carl L Bankston III Robert J Bursik Jr Roberto G Gonzales Sang Hea Kil Golnaz Komaie Jennifer Lee Matthew T Lee Ramiro Martinez Jr Cecilia Menjívar Jeffrey D Morenoff Charlie V Morgan Amie L Nielsen Rubin G Rumbaut Rosaura Tafoya Estrada Abel Valenzuela Jr Min Zhou *Investigating Difference*, 2009 Investigating Difference examines the full range of individual differences across the entire criminal justice system Moving beyond just race and gender it tackles differences based on experience age socio economic class disabilities and more Written by a variety of leaders in the field it looks at how these variances impact all people within the system including victims offenders and service providers This edition continues to emphasize positive solutions and includes new case in point illustrations that discuss how difference matters For anyone interested in the criminal justice system with regard to diversity and multicultural issues American Book Publishing Record, 2005 Selected New Books New Jersey State Library, 2003
