A Research Guide on National Board Certification[R] of Teachers National Board for Professional Teaching Standards, 2007 The National Board for Professional Teaching Standards NBPTS has always welcomed scrutiny of the National Board Certification process and the impact that National Board Certified Teachers NBCTs have on teaching and learning As a result in the 20 years since NBPTS was founded National Board Certification has become one of the most heavily researched areas in the teaching field Scores of

studies research projects and other reports have reviewed and evaluated various aspects of National Board Certification. These efforts have covered such areas as the impact of National Board Certification on student performance, the influence of the process on teacher retention, and the quality of assignments planned by National Board Certified Teachers. This report provides summaries of dozens of these studies. Overall, the studies show promising but in some cases mixed results regarding the impact of National Board Certification on student achievement as measured by standardized tests. The research is consistently positive about the influence of National Board Certification on teacher practice and morale, professional development, and areas of school improvement such as leadership development, teacher mentoring, monitoring student performance, team building, and curriculum development that are critical to raising student achievement. A bibliography is included.

Every Child Deserves a Great Teacher... National Board Certified Teachers National Board for Professional Teaching Standards, 2008. National Board Certification is a voluntary assessment program designed to identify great teachers and make them better. While state licensing systems set basic requirements to teach in each state, National Board Certified Teachers have successfully demonstrated advanced teaching knowledge, skills, and practices. This paper discusses the benefits of the National Board Certification to the students, schools, and the nation. A list of the recipients of the National Teacher of Year is also presented.

The Teacher's Guide to National Board Certification Adrienne Mack-Kirschner, 2003. Adrienne Mack-Kirschner's work with the National Board program makes her the ideal person to advise certification candidates.

Certifiable David Lustick, 2011. For anyone who was a candidate for National Board certification or might be a candidate in the future, *Certifiable Teaching Learning and National Board Certification* is a must-read book. Dr. Lustick's NBCT 1998-2008 explores all aspects of the certification process in an accessible and meaningful style. Lustick uses his own considerable experiences as a science teacher, National Board candidate, National Board assessor, and educational researcher to provide evidence of NBPTS as an opportunity for professional growth. What are teachers learning from National Board certification? Dr. Lustick interviewed more than 140 teachers from 42 states to find an answer. In a report to Congress, the National Research Council described Dr. Lustick's work as one of only two studies that objectively evaluated the impact of certification on teachers' practices. Whether a candidate was ultimately identified as accomplished or not, David Lustick's research indicates that certification offers all candidates a chance to improve their practice. This book provides educational stakeholders an important resource for understanding NBPTS as a means to improve teacher quality in an environment of high-stakes testing.

The Perceived Impact of the National Board Certification Process on Arkansas Teachers Darlynn Cast, 2014. This study assessed the perceived impact of the National Board Certification program on Arkansas teachers relative to their professional practice, leadership practice, and students' achievement. An electronic survey was sent out to 2144 Arkansas National Board Certified Teachers (AR NBCTs) and received a 53% response rate. The survey asked AR NBCTs demographic information and questions to determine the factors that influenced them to pursue NB
