Manual Doc 9157 Part 4:

Handbook NOTAM, SNOWTAM, GRF, RCC Afshin Montazeri, Elham Montazeri, 2025-09-30 The book deals with the publication and creation of NOTAMs and SNOWTAMs as well as the Global Reporting Format GRF from a flight operations perspective. It is primarily aimed at airport employees working in the field of flight operations e.g. flight dispatchers and flight crews whose task it is to use this information to ensure safe flight operations. The work contains a comprehensive presentation of all relevant information for airport staff to write and publish NOTAMs in accordance with the requirements of the European Aviation Safety Agency EASA and the International Civil Aviation Organization ICAO. It also provides relevant added value for all other participants in the aviation industry who need to read and understand NOTAMs. This includes in particular students in the field of air traffic management.

Airport Design and Operation Antonin Kazda, Robert E. Caves, 2015-08-05 In this third edition the chapters have been enhanced to reflect changes in technology and the way the air transport industry runs. Key topics that are newly addressed include low cost airline operations, security issues and EASA regulations on airports. A new chapter covering extended details about wildlife control has been added to the volume.

Aerodrome Governance in Asia Sandeepa Bhat B., 2025-09-26 This book disseminates valuable information from both legal and managerial sides related to airport governance in Asia. With the expansion of existing airports and construction of new airports, legal and managerial aspects have become most significant for different stakeholders. Recognizing the continuous rising importance of the sector, aviation law and management courses are also being offered across the globe. The book caters to the needs of a wide spectrum of readers including scholars, researchers and students of law, aviation management, international relations and related fields, policymakers, regulators and government officials who are involved in regulating, managing and developing aerodromes in Asian countries and professionals in aviation industry including airport operators, airlines, aviation consultants and legal practitioners.
