**The Routledge Handbook of Smuggling** Max Gallien, Florian Weigand, 2021-12-21 The Routledge Handbook of Smuggling offers a comprehensive survey of interdisciplinary research related to smuggling reflecting on key themes and charting current and future trends Divided into six parts and spanning over 30 chapters the volume covers themes such as mobility borders violent conflict and state politics as well as looks at the smuggling of specific goods from rice and gasoline to wildlife weapons and cocaine Chapters engage with some of the most contentious academic and policy debates of the twenty first century including the historical creation of borders re bordering the criminalisation of migration and the politics of selective toleration of smuggling As it maps a field that contains unique methodological ethical and risk related challenges the book takes stock not only of the state of our shared knowledge but also reflects on how this has been produced pointing to blind spots and providing an informed vision of the future of the field Bringing together established and emerging scholars from around the world The Routledge Handbook of Smuggling is an indispensable resource for students and researchers of conflict studies borderland studies criminology political science global development anthropology sociology and geography

**If You're in a Dogfight, Become a Cat!** Leonard Sherman, 2017-01-10 Businesses often find themselves trapped in a competitive dogfight scratching and clawing for market share with products consumers view as largely undifferentiated Conventional wisdom suggests that dogfights are to be expected as marketplaces mature giving rise to the notion that there are bad industries where it is unlikely that any company can succeed But there are notable exceptions in which enlightened executives have changed the rules to grasp the holy grail of business long term profitable growth Rather than joining the dogfights raging within their industry companies such as Apple FedEx and Starbucks have chosen to become metaphorical cats continuously renewing their distinctive strategies to compete on their own terms In *If You're in a Dogfight, Become a Cat* Leonard Sherman draws on four decades of experience in management consulting venture capital and teaching business strategy at Columbia Business School to share practical advice on two of the most vexing issues facing business executives why is it so hard to achieve long term profitable growth and what can companies do to break away from the pack Sherman takes the reader on a provocative journey through the building blocks of business strategy by challenging conventional wisdom on a number of questions that will redefine management best practices What should be the overarching purpose of your business Do you really know what your strategy is Is there such a thing as a bad industry Where do great ideas come from and how do I find them What makes products meaningfully different What makes and breaks great brands How and when should I disrupt my own company What are the imperatives to achieving long term profitable growth Filled with dozens of illustrative examples of inspiring successes and dispiriting falls from grace this book provides deep insights on how to become the cat in a dogfight whether you are a CEO mid level manager aspiring business school student or curious observer

interested in achieving sustained profitable growth

**Green Technologies and the Mobility Industry** Andrew Brown, 2010-11-16 This book features 20 SAE technical papers originally published in 2009 and 2010 which showcase how the mobility industry is developing greener products and staying responsive if not ahead of new standards and legal requirements These papers were selected by SAE International's 2010 President Dr Andrew Brown Jr Executive Director and Chief Technologist for Delphi Corporation Authored by international experts from both industry and academia they cover a wide range of cutting edge subjects including powertrain electrification alternative fuels new emissions standards and remediation strategies nanotechnology sustainability in vehicle networking and how various countries are also stepping up to the green challenge Green Technologies and the Mobility Industry also offers additional useful information the most recent Delphi Worldwide Emissions Standards booklets which will be shipped with the print version of this title or as part of the PDF download if you purchase the ebook version Exclusive Multimedia Package Watch Dr Andrew Brown Jr describe the new trends in green mobility Download a free SAE presentation on green technologies and the mobility industry Challenging times an interview with Dr Andrew Brown Jr Buy the Set and Save This book is the first in the trilogy from SAE on Safe Green and Connected vehicles in the mobility industry edited by Dr Andrew Brown Jr This trilogy can be purchased in a combination of the following sets Green Technologies and Active Safety in the Mobility Industry Green Technologies and Connectivity in the Mobility Industry Active Safety and Connectivity in the Mobility Industry Buy the Entire 3 Volume Set to Save the Most Green Safe Connected The Future of Mobility

*Controversial Therapies for Autism and Intellectual Disabilities* Richard M. Foxx, James A. Mulick, 2015-10-14 One of the largest and most complex human services systems in history has evolved to address the needs of people with autism and intellectual disabilities yet important questions remain for many professionals administrators and parents What approaches to early intervention education treatment therapy and remediation really help those with autism and other intellectual disabilities improve their functioning and adaptation Alternatively what approaches represent wastes of time effort and resources *Controversial Therapies for Autism and Intellectual Disabilities* 2nd Edition brings together leading behavioral scientists and practitioners to shed much needed light on the major controversies surrounding these questions Expert authors review the origins perpetuation and resistance to scrutiny of questionable practices and offer a clear rationale for appraising the quality of various services The second edition of *Controversial Therapies for Autism and Intellectual Disabilities* has been fully revised and updated and includes entirely new chapters on psychology fads why applied behavioral analysis is not a fad rapid prompting relationship therapies the gluten free casein free diet evidence based practices state government regulation of behavioral treatment teaching ethics and a parents primer for autism treatments
