The Transformation of Mrs. Peters:
An Analysis of "A Jury of Her Peers"

In Susan Glaspell's 1917 short story "A Jury of Her Peers," two women accompany their husbands and a county attorney to an isolated house where a farmer named John Wright has been choked to death in his bed with a rope. The chief suspect, Wright's wife Minnie, is in jail awaiting trial. The sheriff's wife, Mrs. Peters, has come along to gather some personal items for Minnie, and Mrs. Hale has joined her. Early in the story, Mrs. Hale sympathizes with Minnie and objects to the way the male investigators are "snoopin' round and criticizin'" her kitchen (293). In contrast, Mrs. Peters shows respect for the law, saying that the men are doing "no more than their duty" (293). By the end of the story, however, Mrs. Peters has joined Mrs. Hale in a conspiracy of silence, lied to the men, and committed a crime—hiding key evidence. What causes this dramatic change?

One critic, Leonard Mustazza, argues that Mrs. Hale recruits Mrs. Peters "as a fellow 'juror' in the case, moving the sheriff's wife away from her sympathy for her husband's position and towards identification with the accused woman" (494). While this is true, Mrs. Peters also reaches insights on her own. Her observations in the kitchen lead her to understand Minnie's grim and lonely plight as the wife of an abusive farmer, and her identification with both

Title is centered.

Critical Race English Education Lamar L. Johnson, 2021-11-29 Johnson's visionary and much needed book is a call for the transformation of English education to embrace rather than reject Blackness. Confronting the context of heightened racial violence against Black youth that continues to sweep across the United States, Johnson illuminates the interconnection between the physical and symbolic violence that unfolds in and outside the classroom and demonstrates the harm this causes to Black youth. Employing an original framework, *Critical Race English Education* Johnson reveals how English education and ELA classrooms are dominated by eurocentric language and literacy practices and provides a justice oriented framework that combats anti Black racism. Throughout the book, Johnson disperses love letters to Blackness, Black culture, and Black people which serve as actions and practices for positive thinking and self awareness about Blackness. *Critical Race English Education* is a movement for Black lives. A crucial resource for pre-service ELA teachers, researchers, professors, and graduate students in language and literacy education and sociology of education, this book offers classroom lessons, thematic units, sample activities, and other pedagogical and curricular practices that reconceptualize ELA pedagogies in humanizing ways and cater to the needs of students who come from racially and linguistically diverse backgrounds. *A Guide to Literary Criticism and Research* Bonnie Klomp Stevens, Larry L. Stewart, 1996 Like the first two editions of *A Guide to Literary Criticism and Research*, this edition is based both on a recognition of a practical need felt in many literature courses and a view of literary study. It attempts to meet the practical need by offering upper level students a condensed but adequate guide to the range of modern criticism and to basic methods of research. In addition, it is a hope that the book will give students a more comprehensive view of literary study by helping them to recognize criticism and research as two closely linked parts of a single process. *Writing Genres* Amy J. Devitt, 2008-07-23 In *Writing Genres*, Amy J. Devitt examines genre from rhetorical, social, linguistic, professional, and historical perspectives and explores genre's educational uses, making this volume the most comprehensive view of genre theory today. *Writing Genres* does not limit itself to literary genres or to ideas of genres as formal conventions but additionally provides a theoretical definition of genre as rhetorical, dynamic, and flexible, which allows scholars to examine the role of genres in academic, professional, and social communities. *Writing Genres* demonstrates how genres function within their communities rhetorically and socially, how they develop out of their contexts historically, how genres relate to other types of norms and standards in language, and how genres nonetheless enable creativity. Devitt also advocates a critical genre pedagogy based on these ideas and provides a rationale for first-year writing classes grounded in teaching antecedent genres. *The Web of Knowledge* Eugene Garfield, 2000 This new ASIST monograph is the first to comprehensively address the history, theory, and practical applications of citation analysis, a field which has grown from Garfield's seed of an idea and to examine its impact on scholarly research forty years after its inception. In bringing together the analyses, insights, and reflections of more than thirty-five leading lights, editors Cronin and Atkins have produced both a

comprehensive survey of citation indexing and its applications and a beautifully realized tribute to Eugene Garfield and his vision in honor of his seventy fifth birthday *A Theory of Discourse; the Aims of Discourse* James L. Kinneavy,1971
