STRUCTURALISM

STRUCTURALISM THEORY IN LITERATURE — English Literature

Structuralism

Origin and Growth of Structuralism:

1. Structuralism is an intellectual movement.
2. It began in France in the 1950's.
3. During the early part of 1960, some critics believed that structuralism offered a single unified approach to human life that it would embrace all disciplines.
4. It reached Britain and the USA mainly in the 1970's and attained widespread influence throughout the 1980's.
5. The term 'structuralism' in reference to social science first appeared in the works of Claude Levi-Strauss (1908-2009), a French anthropologist, who gave rise to structuralism movement in France, influencing the thinking of other writers such as Louis Althusser and psychoanalyst Jacques Lacan, as well as the structural Marxism of Nicos Poulantzas. Roland Barthes and Jacques Derrida focused on how structuralism could be applied to literature.

Ferdinand de Saussure

1. The origin of Structuralism can be found in the work of Ferdinand de Saussure (1857- 1913), a Swiss Linguist.
2. Saussure was a key figure in the development of modern approaches to language study.
3. In the 19th century, linguistic scholars mainly focused on the historical aspects of language (working out the historical development of languages and connections between them, and speculating about the origins of language itself).
4. The historical linguists employed a diachronic mode (i.e. study across time).
5. But Saussure, in his work A Course in General Linguistics (1916), called for a scientific study of language (i.e. focusing upon the patterns and functions of language as in use today that is called Synchronic study) rather than a historical one.

6. "Gang of Four" of structuralism Lévi-Strauss, Lacan, Barthes, and Michel Foucault.
7. Ferdinand de Saussure is called the Father of Modern Linguistics.(Noam Chomsky is also called by the same title).

The base for Structuralism

The following two factors help the development of Structuralism.

(1) Linguistics

(2) Mythology

Mythology:

- Mythology should be approached through Science.
- Terence Hawks states that the Mythology was created by our primitives/ancients.
- Today, those mythologies create us and act us.
