**The Enlightenment** Margaret Jacob, 2000-10-04 In an unusually diverse collection Margaret Jacob presents the eighteenth century movement known as the Enlightenment that forever changed the political religious and educational landscape of the day Selections by some of the period's most important thinkers include pieces by Locke Rousseau Mary Wortley Montagu Denis Diderot and Moses Mendelssohn She covers the movement's lengthy evolution in a comprehensive introduction which establishes the issues central to understanding the documents and provides important background on the political and social debates of the period

**The Religious History of American Women** Catherine A. Brekus, 2009-11-13 More than a generation after the rise of women's history alongside the feminist movement it is still difficult observes Catherine Brekus to locate women in histories of American religion Mary Dyer a Quaker who was hanged for heresy Lizzie Robinson a former slave and laundress who sold Bibles door to door Sally Priesand a Reform rabbi Estela Ruiz who saw a vision of the Virgin Mary how do these women's stories change our understanding of American religious history and American women's history In this provocative collection of twelve essays contributors explore how considering the religious history of American women can transform our dominant historical narratives Covering a variety of topics including Mormonism the women's rights movement Judaism witchcraft trials the civil rights movement Catholicism everyday religious life Puritanism African American women's activism and the Enlightenment the volume enhances our understanding of both religious history and women's history Taken together these essays sound the call for a new more inclusive history Contributors Ann Braude Harvard Divinity School Catherine A Brekus University of Chicago Divinity School Anthea D Butler University of Rochester Emily Clark Tulane University Kathleen Sprows Cummings University of Notre Dame Amy Koehlinger Florida State University Janet Moore Lindman Rowan University Susanna Morrill Lewis and Clark College Kristy Nabhan Warren Augustana College Pamela S Nadell American University Elizabeth Reis University of Oregon Marilyn J Westerkamp University of California Santa Cruz

**Events That Formed the Modern World** Frank W. Thackeray, John E. Findling, 2012-05-31 This comprehensive five volume set contains readable essays that describe and interpret the most important global events since the European Renaissance some accompanied by related document excerpts and primary source materials What were the effects of the Age of Exploration on today's ethnic groups and social structure How did the development of moveable type pave the way for Facebook and Twitter Why is the Reformation so critical for understanding today's religious controversies This set will help readers answer these questions by exploring the most significant historical events of the modern world This five volume set covers times from the Renaissance to the present Each volume focuses on a specific historic period and examines 12 events within those time frames that changed the world Each entry provides an introduction that lays out factual material in a chronological manner an in depth essay interpreting the event's significance and an annotated bibliography of the most important current works on the topic Select entries are followed by primary

sources pertaining to the event under consideration such as diary entries Targeted to both general readers as well as entry level university students this book also directly supports high school and undergraduate curricula allowing students to identify and contextualize events in order to think critically about their causes aftermath and legacy     **Unveiling**

**Modernity in Twentieth-Century West African Islamic Reforms** Ousman Murzik Kobo,2012-08-27 In this book Ousman Kobo provides a fresh understanding of the indigenous origins of Islamic reforms sympathetic to Wahhabi ideas in two West African countries Burkina Faso and Ghana and connects these movements to Muslim s search for religious purity in modern contexts     **A Critical History of Psychology** Thomas Hardy Leahey,2025-05-27 This fully updated and refreshed 9th

edition places social economic and political forces of change alongside psychology s internal theoretical and empirical arguments It utilizes a critical lens to illuminate the way in which the external world has shaped the development of psychology and in turn how psychology from antiquity to modernity has shaped society The text approaches the material from an integrative rather than wholly linear perspective carefully examining how issues in psychology reflect and affect concepts that lie outside the field of psychology s technical concerns as a science and profession Key features of this edition include A newly reconsidered structure including five additional interludes exploring historical background narratives and the rise of modernity to allow for flexible and adaptable textbook use Expanded exploration of the two psychologies the Way of Ideas driven by epistemology and unique to Europe and The Way of Human Nature a universal concern to find a science of human behavior and its management Including scientific applied and professional psychology as well as coverage of the social sciences and social policy implications this book is appropriate for high level undergraduate and graduate students

**Journal of a Dissenter** Chris Wright,2025-01-20 This is a lengthy intellectual journal by a political radical that ranges over a variety of subjects such as Marxism capitalism history many schools of modern philosophy psychology economics and contemporary American politics It also includes quite a few personal passages but I ve kept those only because they express common experiences and youthful psychological tendencies Its most useful content for students might be its many summaries of good historical and scientific scholarship especially in the journal s second half Ultimately the document is a fairly comprehensive expression of a particular society as refracted through an inquisitive and critical mind from the ages of 15 to 44

**Edinburgh Companion to Contemporary Liberalism** Mark Evans,2019-07-29 This is the premier collection of material on a comprehensive range of topics in contemporary liberalism It shows how liberalism can tackle wide ranging practical concerns that urgently demand attention in twenty first century politics     Women in British Politics, c.1689-1979

Krista Cowman,2010-12-09 This account examines some of the areas of women s political activity in Britain from the Glorious Revolution to the election of the first female Prime Minister in 1979 It shows how women had worked in a variety of arenas and organizations before the suffrage campaign and explores the directions their political activity took afterwards

**The Secular Enlightenment** Margaret C. Jacob, 2019-02-19 A major new history of how the Enlightenment transformed people's everyday lives The Secular Enlightenment is a panoramic account of the radical ways that life began to change for ordinary people in the age of Locke Voltaire and Rousseau In this landmark book familiar Enlightenment figures share places with voices that have remained largely unheard until now from freethinkers and freemasons to French materialists anticlerical Catholics pantheists pornographers readers and travelers Margaret Jacob one of our most esteemed historians of the Enlightenment reveals how this newly secular outlook was not a wholesale rejection of Christianity but rather a new mental space in which to encounter the world on its own terms She takes readers from London and Amsterdam to Berlin Vienna Turin and Naples drawing on rare archival materials to show how ideas central to the emergence of secular democracy touched all facets of daily life Human frailties once attributed to sin were now viewed through the lens of the newly conceived social sciences People entered churches not to pray but to admire the architecture and spent their Sunday mornings reading a newspaper or even a risqué book The secular minded pursued their own temporal and commercial well being without concern for the life hereafter regarding their successes as the rewards for their actions their failures as the result of blind economic forces A majestic work of intellectual and cultural history The Secular Enlightenment demonstrates how secular values and pursuits took hold of eighteenth century Europe spilled into the American colonies and left their lasting imprint on the Western world for generations to come Studies on Voltaire and the Eighteenth Century, 1999

*New York History* New York State Historical Association, 2003 **The American Deists** Kerry S. Walters, 1992 Challenging carved in stone tenets of Christianity deism began sprouting in colonial America in the early 18th century was flourishing nicely by the American revolution and to all intents and purposes was dead by 1811 Despite its hasty demise deism left a theological legacy Christian sensibility would never be quite the same again **John Toland and the Deist Controversy** Robert E. Sullivan, 1982 *The American Historical Association's Guide to Historical Literature* American Historical Association, 1995 Contains nearly 2 000 annotated citations primarily English language works divided into forty eight sections citations refer chiefly to works published between 1961 and 1992 **The Making of the West, Combined Version (Volumes I & II)** Lynn Hunt, 2009 The Making of the West offers a geographically and culturally expansive conception of the West that prepares students to understand today's globalized world Its integrated chronological narrative makes the impact of historical developments clear by highlighting the interconnections among the politics people and ideas of a specific period From the book's conception the authors a team of renowned scholars and expert teachers have worked to provide a new vision of the West based on cutting edge scholarship The narrative enhanced by a rich and informative art and map program distills the latest research and consistently treats topics underserved in other books the West in global perspective high and popular art and culture and gender History, 1986 **Strangers Nowhere in the World** Margaret C. Jacob, 2006-07-10 The mingling of aristocrats and commoners in a southern French city the jostling of foreigners in stock

markets across northern and western Europe the club gatherings in Paris and London of genteel naturalists busily distilling plants or making air pumps the ritual fraternizing of brothers in privacy and even secrecy Margaret Jacob invokes all of these examples in *Strangers Nowhere in the World* to provide glimpses of the cosmopolitan ethos that gradually emerged over the course of the seventeenth and eighteenth centuries Jacob investigates what it meant to be cosmopolitan in Europe during the early modern period Cosmopolites had to strike a delicate balance between the transgressive and the subversive the radical and the dangerous the open minded and the libertine Drawing upon sources as various as Inquisition records and spy reports minutes of scientific societies and the writings of political revolutionaries *Strangers Nowhere in the World* reveals a moment in European history when an ideal of cultural openness came to seem strong enough to counter centuries of prevailing chauvinism and xenophobia Perhaps at no time since Jacob cautions has that cosmopolitan ideal seemed more fragile and elusive than it is today

**Interpreting the Founding** Alan Ray Gibson, 2006 As politicians and judges argue over the original intent of our country's founding fathers the American Founding itself continues to inspire a prodigious amount of research and commentary reflecting a bewildering array of methods and interpretations Alan Gibson now offers readers an insightful and convenient guide through this daunting and sprawling body of scholarship Comprehensive and judicious *Interpreting the Founding* provides summaries and analyses of the leading interpretive frameworks that have guided the study of the Founding since the publication of Charles Beard's *An Economic Interpretation of the Constitution* in 1913 Gibson argues that scholarship on the Founding is no longer steered by a single dominant approach or even by a set of questions that control its direction He also examines the challenges posed to Founding scholarship by this diversity and complexity and the possibilities opened by new avenues of inquiry that have recently emerged scholars of the Founding including Louis Hartz Bernard Bailyn Gordon Wood and Garry Wills that best exemplify different schools of interpretation Gibson focuses on six approaches that have dominated the modern study of the Founding Progressive Lockean liberal Republican Scottish Enlightenment multicultural and multiple traditions approaches For each approach he traces its fundamental assumptions revealing deeper ideological and methodological differences between schools of thought that on the surface seem to differ only about the interpretation of historical facts While previous accounts have treated the study of the Founding as the sequential replacement of one paradigm by another Gibson argues that all of these interpretations survive as alternative and still viable approaches each has simultaneously illuminated and masked core truths about the American Founding he renders a balanced account of the current debate over the origins and foundations of the American republic and offers solid footing on the path to understanding the vast literature devoted to this important subject
