

JANUARY ... DOES IT BRING YOU JOY?

- 1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5
- 2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.
- 3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

Matric English Paper 2 May Exam 2014:

Assessing Academic Literacy in a Multilingual Society Albert Weideman, John Read, Theo du Plessis, 2020-11-02
South African universities face major challenges in meeting the needs of their students in the area of academic language and literacy. The dominant medium of instruction in the universities is English and to a much lesser extent Afrikaans but only a minority of the national population are native speakers of these languages. Nine other languages can be media of instruction in schools which makes the transition to tertiary education difficult enough in itself for students from these schools. The focus of this book is on procedures for assessing the academic language and literacy levels and needs of students not in order to exclude students from higher education but rather to identify those who would benefit from further development of their ability in order to undertake their degree studies successfully. The volume also aims to bring the innovative solutions designed by South African educators to a wider international audience.

Intellectual Property Rights for Geographical Indications Mario Veneziani, Maria Cecilia Mancini, Filippo Arfini, 2016-09-23 Regulations on Intellectual Property Rights IPRs and Geographical Indications GIs have a long history leading back to two separate organizations devoted to dealing with them the World Trade Organization WTO and the World Intellectual Property Organization WIPO. The WTO through its 1994 TRIPS Agreement gives wines a high level of protection but leaves individual countries to draw up national GIs legislation for other agri food products. On the other hand the WIPO implemented the Lisbon Agreement of 1958 and gives GIs a high level of protection but involves a lower number of countries. The US approach follows the WTO and is based on existing trademarks and competition legislation while the EU legislation is partly based on the Lisbon Agreement and has a sui generis legislation giving a high level of protection to agri food GIs. The two different legislative approaches on IPRs on GIs are a source of political and economic debate between the US and the EU that impact massively on agri food supply chains consumer relations and environmental and cultural aspects as well as trade. This book provides insights into the potential impacts that the future Transatlantic

Trade and Investment Partnership TTIP agreement could have at national European and international level and covers areas such as policy setting implications for trade and consumer perception food safety and rural and local development As such it will provide a reference point for researchers and academics in agricultural and rural economics and law as well as policy makers *"The" Athenaeum* ,1888 *Hilāl* ,2014 **Metals Abstracts** ,1993
