characterize Israeli society and uncover structural disadvantages and related levels of precarity as well as existing links between entrepreneurial advantages and disadvantages mobility and varying degrees of social marginality Dark Sides of the Startup Nation sheds light onto the problematic and sometimes contradictory myth that entrepreneurship is meritocratic and that neoliberal capitalism provides everyone with equal opportunities to succeed The book will be of interest to researchers academics policy makers and students in the fields of entrepreneurship and small business management responsibility and business ethics and technology and innovation **The Church Times** ,1904 **Minerva** Richard Kukula,1952 Pt 1 includes Europe Pt 2 includes Outside of Europe **Joint Volumes of Papers Presented to the Legislative Council and Legislative Assembly** New South Wales.
