Markets in their Place Russell Prince, Matthew Henry, Carolyn Morris, Aisling Gallagher, Stephen FitzHerbert, 2021-07-27 Markets are usually discussed in abstract terms as an economic organizing principle a generalized alternative to government planning or even as powerful actors in their own right able to shape local and national economic destinies But markets are not abstract Even as the idea of the market seduces politicians around the world to take advantage of their abstract qualities they constantly run up against material reality Markets are always somewhere in place and it is in place that the smooth theories of markets falter and fail More than simply being embedded in particular places markets necessarily emerge in the various political social cultural and environmental relations that exist in and between places Markets shape places but the reverse is also true This collection of essays approaches markets from the ground up and from a part of the world often still regarded as peripheral to global capitalism the South Pacific With a wide variety of case studies including on indigenous economies childcare agriculture wine electricity metering finance education and housing the authors show how complex local social and cultural politics matter to how markets are made within and between places and the insights that can be gleaned from studying markets in this part of the world They explore the way superficially similar markets work out differently in different places and why as well as examining how market relations are constructed in places outside and on the edges of the centres of Western capitalism and what this says back to how markets are understood in those centres The book will be of particular interest to scholars and students working in and between economic geography cultural economy political economy economic sociology and more

Education at a Glance 2023 Sources, Methodologies and Technical Notes OECD, 2023-09-12 This publication provides additional reference material for Education at a Glance 2023 the authoritative source for data on the state of education around the world It provides guidance on the data and methodology used to calculate each indicator It also contains references to the sources and specific notes for each country

Tech Wars Daniel M. Gerstein, 2022-09-13 This book explores the evolution of the current U S research and development enterprise asks whether this organization remains

appropriate to the challenges we face today and proposes strategies for better preparing for the global technology race shaping our future Across the globe nation states and societies as well as corporations technology developers and even individuals find themselves on the front lines of a global technology race In the third decade of this century the outlines of the contest have become clear R D spending new methods such as innovation centers and powerful technologies in governments and society are rapidly proliferating Technology winners and losers are emerging How did we arrive at this global technology fight How and where will it be waged What can we do to prepare for the future Tech Wars examines the conditions that have led us to this point and introduces new strategies organizational changes and resource allocations that will help the United States respond to the challenges on the horizon

Case Studies in Global Health Policy Nursing
Regina Dorman, Mary De Chesnay, 2018-06-28 Dorman and De Chesnay offer a wealth of valuable information students and other healthcare providers would normally not receive until they were in the trenches of their global experience They deliver nuances of ideology about care and disease from a number of different countries what global health policy entails and means to healthcare providers traveling the world along with case studies from a number of guides experienced global experts Lorna Kendrick PhD APRN PMHCNS BC Professor and Director School of Nursing California State University San Marcos From the Foreword Case Studies in Global Health Policy Nursing unpacks key global health issues and analyzes the surrounding health care policies and their impact through case studies Designed specifically for graduate nursing students this text explores the implications of global initiatives designed to eradicate disease and promote physical and mental health As globalization takes a front row seat in the digital age and political dynamics shift more rapidly than ever possibilities and opportunities for health care have arisen beyond the hospital based focus especially for diseases and trends that cross continental divides Every case study contains a multidisciplinary perspective featuring contributions by expert nurses public health professionals and policy researchers Presented in a consistent format for ease of use each case study includes an overview background relevant research and in depth information on its significance as a critical global issue This text covers critical current topics such as health care for transgender individuals refugees and patients on the autism spectrum as well as ongoing problems like access to clean water HIV AIDS and human trafficking End of chapter exercises reinforce content and supplementary instructor materials are available Key Features Delivers topical in depth examination of key global issues for graduate level nursing students Provides consistent format for each case study for ease of use Presents an interdisciplinary approach with content from expert nurses public health professionals and policy researchers
