Alana Harris

Liturgical Calendar 2014 Methodist:

Setting the Spiritual Clock Paul Louis Metzger, 2020-11-15 Various Christian traditions mark their calendars to reflect the biblical and ecclesial narrative and enhance public worship. Such efforts safeguard against secularization's encroachment in the church's life. *Setting the Spiritual Clock* serves as a guide and traveling companion for the liturgical year which circles the glorious Son as he breaks through the secular eclipse. *Theology as Retrieval* W. David Buschart, Kent

Eilers, 2015-04-15 Buschart and Eilers identify six critical areas: Scripture, theology, worship, spirituality, mission, and culture where contemporary Christians are retrieving aspects of our Christian past for life and thought today. The result is a fascinating tour and wise reflection on how Christians might receive, employ, and transmit the treasures of their past. *The Oxford History of British and Irish Catholicism, Volume V* Alana Harris, 2023-09-01 The fifth volume of *The Oxford History of British and Irish Catholicism* covering the period from the Great War through the Second World War and the Second Vatican Council surveys the transformed ecclesial landscape between the papacies of Benedict XV and Pope Francis. It explores the efforts of bishops, priests, and people in Ireland and Scotland, Wales, and England to respond to modern challenges and reintegrate the experiences and expertise of the laity into the ministry of the Church. Alongside the twentieth century's designation as an era of technological innovation, war, peace, globalization, decolonization, and liberation, this period has also been designated the People's Century. Viewed through the lens of the Catholic church in Britain and Ireland, these same dynamics are explored within thematic synoptic chapters by leading scholars. As a century characterized by the rise or better renewal of the apostolate of the laity, this edited collection traces the struggles to reconcile tradition, re-evaluate hierarchical authority, adapt to social and educational mobility, as well as to adjudicate serious challenges from outside and within, including inflammatory biopolitics and clerical sexual abuse to religious belief and the legitimacy of the Church as an institution.

Religion Online August E. Grant, Amanda F. C. Sturgill, Chiung Hwang Chen, Daniel A. Stout, 2019-03-07 Religion Online provides new insights about religiosity in a contemporary context, offering a comprehensive look at the intersection of digital media, faith communities, and practices of all sorts. Recent research on Apple users, video games, virtual worlds, artificial intelligence, digital music, and sports, as religion supports the idea that media and religion, once considered separate entities, are in many cases the same thing. New media and religious practice can no longer be detached. This two-volume set discusses how religionists are embracing the Internet amidst cultural shifts of secularization, autonomous religious worship, millennials' affinity for new media, and the rise of fundamentalism in the global south. While other works describe case studies, this book explains how new media are interwoven into the very fabric of religious belief, behavior, and community. Chapters break down the past, present, and projected future of the use of digital media in relation to faith traditions of many varieties, extending from mainline Christianity to new religious movements. The book also examines the impacts of digital media on beliefs and practices around the world. In exploring these subjects, it calls on the study of culture.
