author if his mother was particularly connected to Mary and if this was why he chose this image he replied No but I did This evocative photograph and Sting s quick answer encapsulate the two pillars of this book a microhistory of a specific British Catholic parish in the 1950s 60s and the impact that growing up there had on Sting s artistic output And beyond that this book opens a window onto the influence of Catholic education and imagination on millions of less famous people who had similar upbringings
