## **May 2013 Daily Calendar Template:**

**Great Design** Homer L. Hall, Aaron Manfull, 2014-12-15 Strong articles and photographs are not enough to make a great newspaper or yearbook. The content needs to be arranged in a design with adequate white space, consistent margins, and easy-to-read fonts. Students will be introduced to the technical elements and structures involved in design and the different ways that content can be arranged. Although it's tempting to try to draw readers in with distinctive colors and tricks, the most important aspect of design is to make the content easier to read, understand, and navigate. A vital resource for any school newspaper or yearbook staff.

**Student Journalism & Media Literacy** Homer L. Hall, Megan Fromm, Ph.D., Aaron Manfull, 2015-01-15 This comprehensive resource covers everything student journalists need to know in a rapidly changing media landscape. Approachable and non-intimidating, this book features important concepts and examples from current school publications from around the country. Foremost, it teaches skills such as the fundamentals of good writing and the basics of newspaper layout and design. Also addressed, however, are topics that journalists are only now facing, such as the responsibilities of citizen journalists, managing a news website, and digital security for reporters in the electronic age. This textbook is on the cutting edge in teaching students how to navigate this evolving field. **EBOOK PRICE LISTED IS FOR SINGLE USE ONLY. CONTACT US FOR A PRICE QUOTE FOR MULTI-USE ACCESS.**

Explores the best marketing practices for reaching business goals while also providing strategies that students/readers can apply to any past, present, or future social media platform. Provides comprehensive treatment of social media in five distinct sections: landscape, messages, marketing, and business models, social change, and the future. Emphasizes social responsibility and ethics and how this relates to capitalizing on market share. Highlights marketing strategies grounded in research that explains how practitioners can influence audience behaviour. Each chapter introduces theory, practice, action plans, and case studies to teach students the power and positive possibilities that social media hold.
