Managing Human Resources Charles H. Levine, 1977-11 A collection of essays on various aspects of municipal personnel management which addresses the complexities of contemporary demands on municipal personnel management The major political antagonists of this new era are no longer the machine politicians and

good government reformers of the past. Instead, the cities today are witnessing the increasingly bitter struggles of taxpayers and elected officials with public employee unions, battles between governmental bodies over scarce resources and disputes involving local and federal governmental officials over compliance with federal law and court decisions. As a result of these new challenges and the new management techniques which have arisen to meet them, the old unitary conception of public personnel administration has collapsed. In its stead, there now exists a conceptual fragmentation of the subject of public personnel administration, a fragmentation which involves new issues, new participants and new power relationships which require organizational restructuring of the human resource system itself.

Fundamentals of Human Resource Management Raymond A. Noe, John R. Hollenbeck, Barry A. Gerhart, Patrick M. Wright, 2021. Value includes profits as well as employee growth and satisfaction, creation of new jobs, contributions to community programs, protection of the environment and innovative use of new technologies. Each chapter includes several different pedagogical features. Best Practices provides examples of companies whose HR activities work well. HR Oops highlights HRM issues that have been handled poorly. Did You Know offers interesting statistics about chapter topics and how they play out in real world companies. HRM Social demonstrates how social media and the Internet can be useful in managing HR activities in any organization. Thinking Ethically confronts students with issues that occur in managing human resources. Each feature includes questions to assist students with critical thinking and to spark classroom discussions.
