Manifesto Of New Realism Suny Series In Contemporary Italian Philosophy:

Manifesto of New Realism Maurizio Ferraris, 2014-12-01 Philosophical realism has taken a number of different forms each applied to different topics and set against different forms of idealism and subjectivism Maurizio Ferraris's Manifesto of New Realism takes aim at postmodernism and hermeneutics arguing against their emphasis on reality as constructed and interpreted While acknowledging the value of these criticisms of traditional dogmatic realism Ferraris insists that the insights of postmodernism have reached a dead end Calling for the discipline to turn its focus back to truth and the external world Ferraris's manifesto which sparked lively debate in Italy and beyond offers a wiser realism with social and political relevance

Manifesto of New Realism Maurizio Ferraris, 2014-12-01 Retraces the history of postmodern philosophy and proposes solutions to overcome its impasses Philosophical realism has taken a number of different forms each applied to different topics and set against different forms of idealism and subjectivism Maurizio Ferraris's Manifesto of New Realism takes aim at postmodernism and hermeneutics arguing against their emphasis on reality as constructed and interpreted While acknowledging the value of these criticisms of traditional dogmatic realism Ferraris insists that the insights of postmodernism have reached a dead end Calling for the discipline to turn its focus back to truth and the external world Ferraris's manifesto which sparked lively debate in Italy and beyond offers a wiser realism with social and political relevance In the new atmosphere of Anglophone continental thought realism is not just a viable option but is arguably home to the most promising innovations of our time Ferraris will serve as a welcome new influence from the Foreword by Graham Harman

Quasi-Things Tonino Griffero, 2017-03-15 In this book Tonino Griffero introduces and analyzes an ontological category he terms quasi things These do not exist fully in the traditional sense as substances or events yet they powerfully act on us and on our states of mind He offers an original approach to the study of emotions regarding them not as inner states of the subject but as atmospheres that is as powers poured out into the lived space we inhabit Griffero first outlines the general and atmospheric characters of quasi things and then considers examples such as pain shame the gaze and twilight which he argues is responsible for penetrating and suggestive moods precisely because of its vagueness With frequent examples from literature and everyday life *Quasi Things* provides an accessible aesthetic and phenomenological account of feelings based on the paradigm of atmospheres

Beyond Beauty Federico Vercellone, 2017-07-31 The American abstract expressionist painter Barnett Newman famously declared in 1948 that the impulse of modern art is to destroy beauty Not long after that Andy Warhol was reconciling the world of art with the world of everyday life painting soup cans and soda bottles In this book Federico Vercellone provides an account of the decline of beauty as a Platonic ideal from early German Romanticism to the twentieth century He traces this intellectual trajectory from Goethe Dilthey and Nietzsche through modernism and the avant garde movement to the work of Adorno and Heidegger Rather than the death or destruction of beauty Vercellone argues instead that beauty in the twentieth century came back to live in reality and everyday life He suggests this is a new edition of

the classical ideal rather than an abandonment of it and further makes the case for the ecological significance of this orientation and outlook **SUNY Series in Contemporary Italian Philosophy** Silvia Benso, Brian Schroeder, 2007

Rethinking Life Silvia Benso, 2022-07-01 This volume gathers fourteen contributions written by Italian philosophers within the context of the precariousness and vulnerability revealed by the Covid 19 pandemic The pandemic compels us to rethink what is affected most by this global occurrence yet does not end with it that is life Beyond the geographical socio political and medical contexts in which the reflections originate *Rethinking Life* is deeply utopian presenting aspirations toward a different configuration of life and collective living centered on relational subjectivities interconnectedness interdependence and ultimately solidarity How does the pandemic what it represents and exposes call us to rethink our notion of life How does an episode of morbidity affect a fuller understanding of life Can such a hermeneutic shift be dared and sustained The sobriety of the reflections yields elegant incisive and direct prose of profound effect and immediacy and a captivating lucid and thought provoking narrative *Between Nihilism and Politics* Silvia Benso, Brian

Schroeder, 2010-10-29 Essays describe Italian philosopher Gianni Vattimo's unique and radical hermeneutic philosophy

Selected Essays in Contemporary Italian Philosophy Jurij Verč, 2012 **Manifesto del nuovo realismo** Maurizio Ferraris, 2014 **The Resistible Crisis of Italian Thought** Federico Dal Bo, Carlo Salzani, 2026-02 Offers a more complex picture of Roberto Esposito's notion of Italian Thought in order to examine the persisting crisis of contemporary Italian philosophy The present volume intends to offer new insight into Roberto Esposito's seminal notion of Italian Thought In Esposito's understanding Italian Thought would offer an innovative bridge between French and German philosophy As distinguished from French postmodernism and German transcendentalism in communication ethics Italian Thought would allow for a better negotiation between power history and life The essays within *The Resistible Crisis of Italian Thought* do not share Esposito's optimism but rather argue that the fascinating notion of Italian Thought unfortunately only provides a selective representation and neglects several portions of it such as Italian metaphysicians political scientists feminists and art theorists Motivated by the ambition to address this neglect and to offer a more complex insight that does not necessarily end with the reassuring representation offered by Esposito this volume points us toward an examination of the persisting crisis of contemporary Italian philosophy
