Multiple Choice Questions For Managerial Economics:

Managerial Economics K Rama Mohana, Chandra Sekhar Patro, 2023-08-08 Managerial Economics involves an analysis of the allocation of the resources available to a firm or a unit of management among the activities of that unit. It makes use of concepts and theories of economics and assists managers to make rational decisions. The present book emphasizes on conceptual clarity and simplified presentation. The book comprehensively covers all the aspects that impinge upon economic decision making of modern business units. Thus allowing a great deal of flexibility in the choice of topics that any teacher or student may wish to cover. This text would be helpful for the students of Commerce, Management, Economics, Engineering, Law and other social sciences disciplines. It is also useful to the practicing managers of various business units within and outside the country. The book integrates various concepts and ideas from the fields of economics and other subjects which have bearing on managerial decision making and policy formulation within the business unit. It provides a number of suitable examples including large number of review questions, objective type questions and exercises. The text focuses on the concepts related to macroeconomics and business decision and modern approaches to managerial economics. **MANAGERIAL ECONOMICS** DATTA, DEBABRATA, 2017-04-01 Managerial Economics also known as business economics or Applied Microeconomics helps in dealing with business decisions and management units effectively. This book discusses the theories and applications of Managerial Economics with the help of its various quantitative techniques like operations research, mathematical programming, game theory for strategic decisions and other computational methods. Divided into 8 sections and 24 chapters, the book shows how conveniently one can find a solution to the business problems such as Risk analysis, Production analysis, Pricing, Budgeting, Sales promotion and so on with Managerial Economics tools. Section I analyses the economic behaviour of the consumers. Section II discusses producers' behaviour and issues related to the production. Sections III, IV and V talk about markets and firms and their types. The concluding Sections VI, VII and VIII delve on the application part of Economics in human resource management, finance, marketing and strategy. The chapters are well supported with the cases, figures and important facts. The book is equipped with pedagogical aids in the form of Summary, Glossary, Important Terms, Numerical Problems and Multiple Choice Questions. Intended for the postgraduate students of Management, the book will be equally beneficial for the practising Managers. **Managerial Economics** Sadananda Prusty, 2010 *Managerial Economics* William F.
