the frustrations of masculinity and the thrill of testing death itself But more than any of that it is an overwhelmingly beautiful love story This book will make you cry Jonathan Safran Foer An extraordinary debut novel in which the transforming love and friendship between two young men during one unforgettable teenage summer in rural New England haunts them into adulthood It took three car crashes to kill Jake Theron David Alden is there for the first two the summer they meet in rural New Hampshire when he s fifteen and anxious and Jake s seventeen and a natural then six years later in New York City those too short ecstatic painful nights that change both their lives forever the end of the dream and the longing for the dream and the dream itself all at once Theron is not there for the third crash And yet their story contains so much joy and self discovery the glorious stupid simplicity of a boyhood joke the devastation of insecurity the way a great song can distill a universe the limits of what we can know about each other the mysterious porous ungraspable fault line between yourself and the person you love better than yourself the beautiful toxic elixir of need and hope and want Brimming with rare radioactive talent
