

MANHATTAN MOVES UPTOWN

AN ILLUSTRATED HISTORY

Charles Lockwood

Manhattan Moves Uptown An Illustrated History New York City

Randall F. Mason, Max Page

Manhattan Moves Uptown An Illustrated History New York City:

Manhattan Moves Uptown Charles Lockwood, 2014-10-15 Compiled from newspaper archives and richly illustrated with historic images this fascinating chronicle traces the city's growth from Wall Street to Harlem during the period between 1783 and the early 20th century

Manhattan Moves Uptown Charles Lockwood, 1976 *A History of Housing in New York City* Richard Plunz, 2016-10-18 Since its emergence in the mid nineteenth century as the nation's metropolis New York has faced the most challenging housing problems of any American city but it has also led the nation in innovation and reform The horrors of the tenement were perfected in New York at the same time that the very rich were building palaces along Fifth Avenue public housing for the poor originated in New York as did government subsidies for middle class housing A standard in the field since its publication in 1992 *A History of Housing in New York City* traces New York's housing development from 1850 to the present in text and profuse illustrations Richard Plunz explores the housing of all classes with comparative discussion of the development of types ranging from the single family house to the high rise apartment tower His analysis is placed within the context of the broader political and cultural development of New York City This revised edition extends the scope of the book into the city's recent history adding three decades to the study covering the recent housing bubble crisis the rebound and gentrification of the five boroughs and the ecological issues facing the next generation of New Yorkers More than 300 illustrations are integrated throughout the text depicting housing plans neighborhood changes and city architecture over the past 130 years This new edition also features a foreword by the distinguished urban historian Kenneth T Jackson

Reader's Guide to American History Peter J. Parish, 2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history

Giving Preservation a History Randall F. Mason, Max Page, 2019-10-21 In this volume some of the leading figures in the field have been brought together to write on the roots of the historic preservation movement in the United States ranging from New York to Santa Fe Charleston to Chicago *Giving Preservation a History* explores the long history of historic preservation how preservation movements have taken a leading role in shaping American urban space and development how historic preservation battles have reflected broader social forces and what the changing nature of historic preservation means for efforts to preserve national urban and local heritage The second edition adds several new essays addressing key developing areas in the field by major new voices The new essays represent the

broadening range of scholarship on historic preservation generated since the publication of the first edition taking better account of the role of cultural diversity and difference within the field while exploring the connections between preservation and allied concerns such as environmental sustainability LGBTQ and nonwhite identity and economic development

Building the Skyline Jason M. Barr, 2016-05-12 The Manhattan skyline is one of the great wonders of the modern world But how and why did it form Much has been written about the city's architecture and its general history but little work has explored the economic forces that created the skyline In *Building the Skyline* Jason Barr chronicles the economic history of the Manhattan skyline In the process he debunks some widely held misconceptions about the city's history Starting with Manhattan's natural and geological history Barr moves on to how these formations influenced early land use and the development of neighborhoods including the dense tenement neighborhoods of Five Points and the Lower East Side and how these early decisions eventually impacted the location of skyscrapers built during the Skyscraper Revolution at the end of the 19th century Barr then explores the economic history of skyscrapers and the skyline investigating the reasons for their heights frequencies locations and shapes He discusses why skyscrapers emerged downtown and why they appeared three miles to the north in midtown but not in between the two areas Contrary to popular belief this was not due to the depths of Manhattan's bedrock nor the presence of Grand Central Station Rather midtown's emergence was a response to the economic and demographic forces that were taking place north of 14th Street after the Civil War *Building the Skyline* also presents the first rigorous investigation of the causes of the building boom during the Roaring Twenties Contrary to conventional wisdom the boom was largely a rational response to the economic growth of the nation and city The last chapter investigates the value of Manhattan Island and the relationship between skyscrapers and land prices Finally an Epilogue offers policy recommendations for a resilient and robust future skyline

The City that Never was Rebecca Read Shanor, 1988 The subtitle reads Two hundred years of fantastic and fascinating plans that might have changed the face of New York City The book is indeed a compelling collection of drawings sketches maps of the developments proposed over the last three centuries the whole described in detailed text A book of charm and high scholarship Annotation copyrighted by Book News Inc Portland OR

The Tenth Street Studio Building Annette Blaugrund, 1987

Manhattan Manners M. Christine Boyer, 1985 *Manhattan Manners Architecture and Style 1850 1900* mines a wealth of vintage photographs maps and historic periodicals to recreate the era during which the characteristics that distinguish Manhattan as a city to this day innovation eclecticism peripatetic fashion and a dizzying pace of commercial and real estate development were formed A depiction and an assessment of New York City in the second half of the Nineteenth Century *Manhattan Manners* is a tour of a quintessentially urban American place from its great public parks squares monuments and fashionable boulevards to its ever changing neighborhoods of private town houses brownstones luxury apartments and tenement buildings Publisher's description

Biography of a Tenement House in New York City Andrew Dolkart, 2006 For Dolkart the experience of being

raised in a tenement became a metaphor for the life that was afforded countless thousands of other immigrant children growing up in Lower Manhattan during the past century and more This book is a lasting tribute to the legacy of immigrants and their children who were part of the transformation of New York City and the fabric of everyday American urban life

Empire City David Moisseiff Scobey,1989 *The Papers of Frederick Law Olmsted* Frederick Law Olmsted,Charles E. Beveridge,David Schuyler,1983-04 The maritime environment includes both the water resource of the terrestrial coast and estuarine and coastal inshore waters This book for undergraduate students and those training in the field relates the need to manage water based leisure activities with the need to manage the maritime environment on which they depend

Constructing the Modern Skyscraper Benjamin Sitton Flowers,2003 **Cinema Journal** ,1978 *New York City, the Development of the Metropolis* Alan Burnham,1988 **Can Charitable Choice Work?** Andrew H. Walsh,2001 **New York 1900** Robert A. M. Stern,Gregory Gilmartin,John Montague Massengale,1983 Historical photographs plans and elevations document the cultural and artistic flowering in New York *New York, a Guide to Information and Reference Sources* Manuel D. Lopez,1980 **New York City** Eric Homberger,2003 Homberger explores the rich contribution New York has made to American history and culture as the home to poets playwrights artists and radicals jazz hip hop art deco and modernism Maps Illustrations **The New Urban Landscape** David Schuyler,1986
