helping to transform you into the man God designed you to be      Books in Print Supplement ,1985      **Protestant Spiritual Traditions, Volume Two** Frank C. Senn,2020-07-24 There is no single Protestant spirituality but rather Protestant spiritual traditions usually embedded in denominational families that share some basic Protestant principles These two volumes of Protestant Spiritual Traditions offer essays on twelve traditions written by scholars within those traditions plus a concluding essay that gathers a number of Protestant contributions to Christian spirituality and Western culture under the category of the body These thirteen essays discuss the contributions of significant spiritual figures from Martin Luther to Martin Luther King Jr and offer insights on a range of topics from the theology of the cross to physical fitness      Promise Keepers and the New Masculinity Rhys H. Williams,2001-01-01 This collection of essays explores the varied sometimes contradictory and often misapprehended nature of the Promise Keepers The various media portrayals of this group do not adequately address important questions about their significance for American religious social and cultural life Is this movement anti feminist or are the men involved using their faith to become more responsible husbands and fathers Is this a political movement or just another example of an American religious revival Using interviews surveys and on site participations the scholars writing here find little truth in the popular depictions of Promise Keepers In fact they demonstrate how this group represents a variety of templates that contemporary American culture brings to religion as a general social phenomenon The volume examines the ways religion affects social movements and also puts the current interest in men and masculinity in a larger historical context of changing gender roles As a phenomenon that strikes right at the intersection of religion gender racial relations public life and national identity Promise Keepers will be provocative reading for students scholars and educated readers alike      **Values, Truth, and Spiritual Danger** Edward G.
