Geography and War

Simon Bolivar was a Creole General who led South American wars of Independence against Spain. In 1809, Bolivar led 2500 soldiers from Venezuela over the Andes Mountains and into Colombia. Because he came from the direction he did, he was able to use the Andes Mountains to hide his location and surprise the Spanish army. Bolivar and other generals were able to use the geography of the region to help south American republics win their independence from Spain.

Mountains and Highlands

Latin America is enormous, spanning from the border between the U.S. and Mexico all the way down to Patagonia at the southernmost tip of South America.
