

A close-up photograph of a construction site. A worker, wearing an orange safety vest and a hard hat, is using a shovel to guide the pouring of concrete into a wooden formwork. The concrete is being poured onto a grid of steel reinforcement bars (rebar) that is laid out on a prepared base. The background shows some greenery and a blurred construction area.

Mulryne,Margaret Shewring,Andrew Gurr,1997-06-12 The rebuilding of the Globe theatre 1599 1613 on London s Bankside a few yards from the site of the playhouse in which many of Shakespeare s plays were first performed must rank as one of the most imaginative enterprises of recent decades It has aroused intense interest among scholars and the general public worldwide This book offers a fully illustrated account of the research that has gone into the Globe reconstruction drawing on the work of leading scholars theatre people and craftsmen to provide an authoritative view of the twenty years of research and the hundreds of practical decisions entailed Documents of the period are explored afresh the techniques of timber framed building and the decorative practices of Elizabethan craftsmen explained and all of this reconciled with the requirements of the actors and restrictions of modern architectural design The result is a book that will fascinate scholarly readers and laymen alike The Outline of Knowledge: Shakespeare's dramas. Grand Lodge of Iowa,1929 The Shakespeare Memorial Theatre Muriel C. Day,John Courtenay Trewin,1932 *Helena Faucit (Lady Martin)* Sir Theodore Martin,1900 Shakespeare's Schoolroom Lynn Enterline,2012-10-29 Shakespeare s Schoolroom places moments of considerable emotional power in Shakespeare s poetry portraits of what his contemporaries called the passions alongside the discursive and material practices of sixteenth century English pedagogy Humanist training in Latin grammar and rhetorical facility was designed to intervene in social reproduction to sort out which differences between bodies male and female and groups aristocrats the middling sort and those below were necessary to producing proper English gentlemen But the method adopted by Lynn Enterline in this book uncovers a rather different story from the one schoolmasters invented to promote the social efficacy of their pedagogical innovations Beginning with the observation that Shakespeare frequently reengaged school techniques through the voices of those it excluded particularly women Enterline shows that when his portraits of love and woe betray their institutional origins they reveal both the cost of a Latin education as well as the contradictory conditions of genteel masculinity in sixteenth century Britain In contrast to attempts to explain early modern emotion in relation to medical discourse Enterline uncovers the crucial role that rhetoric and the texts of the classical past play in Shakespeare s passions She relies throughout on the axiom that rhetoric has two branches that

continuously interact tropological requiring formal literary analysis and transactional requiring social and historical analysis Each chapter moves between grammar school archives and literary canon using linguistic rhetorical and literary detail to illustrate the significant difference between what humanists claimed their methods would achieve and what the texts of at least one former schoolboy reveal about the institution's unintended literary and social consequences When Shakespeare creates the convincing effects of character and emotion for which he is so often singled out as a precursor of modern subjectivity he signals his debt to the Latin institution that granted him the cultural capital of an early modern gentleman precisely when undercutting the socially normative categories schoolmasters invoked as their educational goal

The Letters of William Cullen Bryant William Cullen Bryant, 1975 In January 1872 Bryant traveled to Mexico City where he was greeted warmly by President Benito Juarez on this and other occasions he was feted for the Evening Post's sturdy condemnation in 1863 of the abortive invasion of Mexico which was freshly remembered there At the close of his visit a local newspaper remarked that the honors and hospitality which were so lavishly and generously conferred upon him were the spontaneous outpouring of a grateful people who had not forgotten that when Mexico was friendless Mr Bryant became her friend Returning in April through New Orleans and up the Mississippi by steamboat to Cincinnati he was greeted at a public reception by Governor Rutherford Hayes who was pleased by his winning and lovable manners and pithy anecdotes That spring Bryant built a library for his birthplace Cummington stocking it with several thousand books procured for him by the publisher George Palmer Putnam in New York and London The following year after the last of his many travels this time a revisit to South Carolina and Florida he made a similar gift to Roslyn These benefactions won him honorary membership in the newly formed American Library Association and an invitation to open a library at Princeton University which made him an honorary doctor of letters Ultimately in the final year of his life his plans for the Bryant Library at Cummington solicited from the White House by President Hayes provided the basic design for the first presidential library in the country that established by Hayes in Fremont Ohio An improbable by-product of the presidential race in 1872 was a proposal by leading journalists that Bryant become in his seventy-eighth year a candidate to oppose President Grant and his challenger for the Republican nomination the mercurial editor of the New York Tribune Horace Greeley Bryant's immediate refusal to take the suggestion seriously was succinct and tinged with humor It was impossible he declared in his newspaper that he should receive the nomination and equally impossible if it were offered that he should commit the folly of accepting it Four years later he was distressed at being unable to switch his journal's support of the Republican candidate Hayes to the Democratic candidate his old companion in political reform Samuel Jones Tilden As Bryant approached and entered his eighties his writing and public speaking continued without slackening Between 1872 and 1878 he published his collected Orations and Addresses edited a revision of his anthology of poetry and two volumes of landscape sketches Picturesque America co-authored a four-volume Popular History of the United States and undertook to co-edit a three-volume set of Shakespeare's

plays while also producing long monographs on several seventeenth century English poets He dedicated statues of Shakespeare Walter Scott and Fitz Green Halleck in Central Park and spoke elsewhere on Robert Burns Benjamin Franklin Goethe and Shakespeare gave speeches on Mexico and National Honesty and presided over the founding of the State Charities Aid Association He was honored in Albany at receptions by each house of the legislature For his eightieth birthday his life s work was celebrated in silver on a Tiffany vase given him by admirers throughout the country Bryant s last public act was to unveil in Central Park his brainchild of nearly a half century earlier a bust of the Italian patriot Giuseppe Mazzini Here after exhaustion under the June sun he fell and suffered a massive concussion followed by a stroke which led to his death a fortnight later in his eighty fourth year A period of virtual national mourning preceded his funeral and his burial beside his wife at Roslyn At one of many memorial services a eulogist exclaimed The broad outline of his character had become universally familiar like a mountain or a sea Whoever saw Bryant saw America The Letters of William Cullen Bryant Volume VI 1872 1878 is available from the publisher on an open access basis *The Walther League Messenger* ,1921
