Labour Relation June 2013 Exam Paper:

The Interpretation and Uniformity of the UNCITRAL Model Law on International Commercial Arbitration Dean Lewis, 2016-03-22 Numerous jurisdictions worldwide have augmented their ratification of the New York Convention of 1958 with the UNCITRAL Model Law 1985 UML which takes a giant step forward toward global uniformity in legal application and understanding of the arbitration process This book develops a standard or benchmark for the UML objective of uniformity using the relevant legislation and case law of Hong Kong Singapore and Australia to consider whether a uniform approach to implementation of the UML and its interpretation is being achieved across those jurisdictions The author's methodological tools are eminently adaptable to other jurisdictions Given the importance of the ability to set aside an arbitral award the body of case law on setting aside and the directly related area of enforcement the emphasis throughout is on Article 34 In addition the study considers the meaning of uniformity in law and in the context of the UML the correct approach to interpretation of the UML pre and post Article 2A the interpretational relationship between the UML and the Convention on Contracts for the International Sale of Goods CISG the relationship between the UML and the New York Convention the degree of textual uniformity of Article 34 with the three jurisdictions focused on and the degree of applied uniformity of Article 34 both in terms of juristic methodology and similarity of results The author with more than thirty years of practice in the field of commercial arbitration in Hong Kong has had access to voluminous cases spanning decades and brings his specialist expertise to the subject This book considers whether the UML has succeeded in its aim of achieving uniformity It serves as a guide both academic and practical to exploring and adopting the correct approach to the interpretation of the UML as well as to the method of classification of court decisions under the UML This study is of immeasurable academic and practical value

Class Dynamics of Development Jonathan Pattenden, Liam Campling, Satoshi Miyamura, Benjamin Selwyn, 2018-12-07 This book argues that class relations are constitutive of development processes and central to understanding inequality within and between countries It does so via a transdisciplinary approach that draws on case studies from Asia Latin America and sub Saharan Africa Contributors illustrate and explain the diversity of forms of class relations and the ways in which they interplay with other social relations of dominance and subordination such as gender and ethnicity as part of a wider project to revitalise class analysis in the study of development problems and experiences Class is conceived as arising out of exploitative social relations of production but is formulated through and expressed by multiple determinations By illuminating the diversity of social formations this book illustrates the depth and complexity present in Marx's method This book was originally published as a special issue of Third World Quarterly

The Routledge Handbook of Hotel Chain Management Maya Ivanova, Stanislav Ivanov, Vincent P. Magnini, 2016-05-05 Understanding the global hotel business is not possible without paying specific attention to hotel chain management and dynamics Chains are big business approximately 80 percent of hotels currently being constructed around the world are chain affiliated and in 2014 the five largest brands

held over a one million rooms The high economic importance of the hotel chains and their global presence justifies the academic research in the field however despite this there is no uniform coverage in the current body of literature This Handbook aids in filling the gap by exploring and critically evaluates the debates issues and controversies of all aspects of hotel chains from their nature fundamentals of existence and operation expansion strategic and operational aspects of their activities and geographical presence It brings together leading specialists from range of disciplinary backgrounds and regions to provide state of the art theoretical reflection and empirical research on current issues and future debates Each of the five inter related section explores and evaluates issues that are of extreme importance to hotel chain management focusing on theoretical issues the expansion of hotel chains strategic and operational issues the view point of the individual affiliated hotel and finally the current and future debates in the theory and practice of hotel chain management arising from globalisation demographic trends sustainability and new technology development It provides an invaluable resource for all those with an interest in hotel management hospitality tourism and business encouraging dialogue across disciplinary boundaries and areas of study This is essential reading for students researchers and academics of Hospitality as well as those of Tourism Marketing Business and Events Management

Research Handbook on Transnational Labour Law Adelle Blackett, Anne Trebilcock, 2015-09-25 The editors substantive introduction and the specially commissioned chapters in the Handbook explore the emergence of transnational labour law as a field along with its contested contours The expansion of traditional legal methods such as treaties is juxtaposed with the proliferation of contemporary alternatives such as indicators framework agreements and consumer led initiatives Key international and regional institutions are studied for their coverage of such classic topics as freedom of association equality and sectoral labour standard setting as well as for the space they provide for dialogue The volume underscores transnational labour law s capacity to build bridges including on migration climate change and development
