Labour Relations N5 November 2013:

Energy, Governance and Security in Thailand and Myanmar (Burma) Adam Simpson, 2016-04-29 Across the world states are seeking out new and secure supplies of energy but this search is manifesting itself most visibly in Asia where rapid industrialisation in states such as China and India is fomenting a frantic scramble for energy resources Due to entrenched societal inequities and widespread authoritarian governance however the pursuit of national energy security through transnational energy projects has resulted in devastating impacts on the human and environmental security of local populations These effects are particularly evident in both Thailand and Myanmar Burma which located at the crossroads of Asia are increasingly engaged in the cross border energy trade Based on extensive fieldwork and theoretical analysis this ground breaking book proposes a new critical approach to energy and environmental security and explores the important role that both local and transnational environmental movements are playing in the absence of effective and democratic governments in providing activist environmental governance for energy projects throughout the region By comparing the nature of this activism under two very different political regimes it delivers crucial theoretical insights with both academic and policy implications for the sustainable and equitable development of the South s natural resources **Woman** Lillian

Faderman, 2022-03-15 A comprehensive history of the struggle to define womanhood in America from the seventeenth to the twenty first century An intelligently provocative vital reading experience This highly readable inclusive and deeply researched book will appeal to scholars of women and gender studies as well as anyone seeking to understand the historical patterns that misogyny has etched across every era of American culture Kirkus Reviews A comprehensive and lucid overview of the ongoing campaign to free women from the tyranny of old notions Publishers Weekly What does it mean to be a woman in America Award winning gender and sexuality scholar Lillian Faderman traces the evolution of the meaning from Puritan ideas of God s plan for women to the sexual revolution of the 1960s and its reversals to the impact of such recent events as metoo the appointment of Amy Coney Barrett to the Supreme Court the election of Kamala Harris as vice president and the transgender movement This wide ranging 400 year history chronicles conflicts retreats defeats and hard won victories in both the private and the public sectors and shines a light on the often overlooked battles of enslaved women and women leaders in tribal nations Noting that every attempt to cement a particular definition of woman has been met with resistance Faderman also shows that successful challenges to the status quo are often short lived As she underlines the idea of womanhood in America continues to be contested **alternative press index** ALTERNATIVE PRESS INDEX, 2002
