National Labor Relations Board,2015 [The Migration Conference 2021 Book of Abstracts](#) TMC 2021 Team,2021-07-06 This is a compilation of the abstracts of papers presented at the Migration Conference 2021 Please visit [migrationconference.net](#) for more details *International Mobility, Global Capitalism, and Changing Structures of Accumulation* Anthony P. D'Costa,2015-11-19 International mobility is not a new concept as people have moved throughout history voluntarily and forcibly for personal familial economic political and professional reasons Yet the mobility of technical talent in the global economy is relatively new largely voluntary structurally determined by market forces and influenced by immigration policies With over a decade s worth of extensive research in India Japan Finland and Singapore this book provides an alternative understanding of how capitalism functions at the global level by specifically analyzing the international movement of technical professionals between India and Japan There are three factors that inform this study the services transition away from manufacturing the movement of technical professionals in the world economy and the demographic crisis facing Japan The dynamics of changing capitalism are examined by theorizing the emergence of the services sector in the USA and Japan analyzing the pronounced social inequality in India that is the basis

for the global supply of highly skilled technical professionals and providing considerable empirical data on the flows of professionals to these two countries to indicate Japan's institutional inflexibility in accommodating foreign talent. The author anticipates that Japanese industry will shed some of its institutional rigidity due to the pressures of competition and the scarcity of technical professionals. Providing a wealth of information on the topic of international mobility, this book is an essential addition for scholars and students in the field of International Development Business Studies Asian Studies Migration Studies and Political Economy [Economic & Social Development] UPSC State PSC Prelims 2026 General Studies Paper 1 Complete Study Notes With MCQs MYUPSC, Economic Social Development UPSC State PSC Prelims 2026 General Studies Paper 1 Complete Study Notes With MCQs Civil Services Preliminary Exam Economy Book Updated upsc upscprelims upscprelims2026 ias iasprelims iasprelims2026 indian economy statepscprelims gspaper1 generalstudiespaper

Speaking Up, Speaking Out Jessica Edwards, Meg McGuire, Rachel Sanchez, 2021-03-01 Speaking Up Speaking Out addresses the lived experiences of those working in the non-tenure track faculty NTTF trenches through storytelling and reflection. By connecting NTTF voices from various aspects of writing studies, the collection offers fresh perspectives and meaningful contributions, imagining the possibilities for contingent faculty to be valued and honored in educational systems that often do the opposite. Challenging traditional ways of seeing NTTF, the work contains multiple entry points to NTT life: those with and without terminal degrees, those with PhDs and those who have held or currently hold tenured positions. Each chapter suggests tangible ways that writing departments and supporters can be more thoughtful about their policies and practices as they work to create more equitable spaces for NTTF. Speaking Up Speaking Out considers the rhetorical power of labeling and asserts why contingent faculty for far too long have been compared to and against TT faculty and often encouraged to reach the same or similar productivity with scholarship teaching and service that TT faculty produce. The myopic ideas about what is valued and whose position is deemed more important impacts contingent faculty in ways that as contributors in this collection share, effect and affect faculty productivity, emotional health and overall community involvement. Contributors: Norah Ashe, McNalley Sarah, Austin Rachel, Azima Megan, Boeshart Burelle Peter, Brooks Denise, Comer Jessica, Cory Liz, Gumm Brendan, Hawkins Heather, Jordan Nathalie, Joseph Julie, Karaus Christopher, Lee John, McHone Angie, McKinnon Carter, Dauvan Mulally Seth, Myers Liliana, M Naydan Linda, Shelton Erica, Stone Elizabeth, Vincelette Lacey, Wootton.

Employers' Associations in Asia John Beson, Ying Zhu, Howard Gospel, 2017-06-26 Economic growth in Asia over the past half century has led to significant changes in societies, business organization and the nature of work. This has been accompanied by the rise in some countries of trade unions and also of employers' associations. This book explores the nature of employers' associations in the major countries of Asia. It considers how employers' associations have developed in recent decades, how changes in market structures and the profile of economies have affected employers' associations, how employers' associations deal with issues to do with pay and employment conditions and how they interact with regulation and

the state The book shows how the differing political and institutional contexts of different countries and different economic conditions greatly affect the nature of employers associations and also the wider context of labour markets and trade unions
