Masterfully told this passionate story is a moving tribute to a resilient adventurous family and a people poised at the brink of a new century. It is the spring of 1802 and the village of Paradise is still reeling from the typhoid epidemic of the previous summer. Elizabeth and Nathaniel Bonner have lost their two year old son Hannah's half brother Robbie but they struggle on as always the men in the forests the twins Lily and Daniel in Elizabeth's school and Hannah as a doctor in training apprenticed to Richard Todd. Hannah is descended from healers on both sides one Scots grandmother and one Mohawk and her reputation as a skilled healer in her own right is growing. After a long night spent attending to a birth Elizabeth and Hannah encounter an escaped slave hiding on the mountain. She calls herself Selah Voyager and she is looking for Curiosity Freeman a former slave herself one of the village's wisest women and Elizabeth's closest friend. The Bonners take Selah desperately ill to Lake in the Clouds to care for her and with that simple act they are drawn into the secret life that Curiosity and Galileo Freeman and their grown children have been leading for almost ten years. The Bonners will do what they must to protect the Freemans just as Hannah will protect her patient who presents more than one kind of challenge. For a bounty hunter is afoot Hannah's childhood friend and first love Liam Kirby. While Elizabeth and Nathaniel undertake a treacherous journey through the endless forests to bring Selah to safety in the north Hannah embarks on a very different journey to New York City with two goals to learn the secrets of vaccination against smallpox a disease that threatens Paradise and to find out what she can about Liam's immediate past and what caused him to change so drastically from the boy she once loved. The obstacles she faces as a woman and a Mohawk make her confront questions long avoided about her place in the world. Those questions follow her back to Paradise where she finds that the medical miracle she brings with her will not cure prejudice or superstition nor can it solve the problem of slavery. No sooner have the Bonners begun to rebound from their losses old and new than they find themselves confronted by more than one old enemy in a battle that will test the strength of their love for one another. Hannah faces the decision she has always dreaded will she make a life for herself in a white world or among her mother's people.

Lake, Sky, Dragonfly G. m. Ferrari, 2009-10 Three short stories with lovable characters and a subtle life message in each one. These rhyming little tales have adventure and excitement. You're children will want to hear them over and over again. The first story's message is about prejudice. It softly tells about a fish's father that doesn't understand why his son wants to play with a turtle. The second story deals with bullying. The third story is a sensitive way to teach your child about loss. Beautifully written and carefully crafted to make the lessons simple.

At Pyramid Lake Bernard Mergen, 2014-04-18 Pyramid Lake is one of the largest lakes in the Great Basin the terminus of the Truckee River flowing from Lake Tahoe into northern Nevada. This desert oasis with a surface area of nearly two hundred

square miles is a unique geological feature and was home to the Paiute for thousands of years before the arrival of explorer John C. Frmont in 1844. For the Paiute it was a spiritual center that provided life sustaining resources such as the cui ui a fish unique to the lake and now endangered. For the ranchers and farmers who settled on tribal lands the waters that flowed into it were necessary to raise cattle and crops. Mergen tells how these competing interests have interacted with the lake and with each other from the Paiute War of 1860 to the present. The lake's very existence was threatened by dams and water diversion; it was saved by tribal claims, favorable court decisions, improved water laws and the rise of environmentalism. At Pyramid Lake is about more than Indians and water wars; however, it is the story of railroads on the reservation and the role of federal, state and private groups interested in sportfishing. It is about scientists, artists and tourists who were captivated by the lake's beauty. Finally, it is also a story of the lake as a place of spiritual renewal and celebration. Mergen grew up near its shores in the 1940s and returned frequently through the years. In this cultural history he combines his personal remembrances with other source material including novels, poetry, newspaper and magazine journalism, unpublished manuscripts and private conversations to paint a fascinating portrait of one of Nevada's natural wonders.
