Journal Entry Help - Internet Explorer

Journal Entry (GL40.1)

General

Use Journal Entry (GL40.1) to define and release journal entries. Each journal entry must have at least one transaction line.

There are two types of journal entries: Normal and Intercompany. A Normal journal entry lets you manually define the debits and credits for one company while an Intercompany journal entry lets you create a journal entry between different companies. You can also use an Intercompany journal entry to define one transaction line.

**Processing Effect

When you release an entry, the system automatically logs your user ID and creates balancing entries according to the relationship defined in Intercompany Relationships (GL25.1).

The entire journal entry process consists of defining the journal entry, editing, releasing, posting, and if necessary, closing the period.

**Troubleshooting

BUDGET EDIT ERRORS You may receive an unexpected budget edit error, even after setting the Budget Edit field to No for the accounting unit, account combination on Account Options (GL20.3). If you have a Budget Edit Group defined on FB11, the system ignores the Budget Edit field on GL20.3.

If you do not want one of your accounting unit, account combinations to edit, you must remove the accounting unit, account from the budget edit group on FB11.

Conceptualising Comparative Politics Anthony Petros Spanakos,Francisco Panizza,2015-07-16 Comparative politics often involves testing of hypotheses using new methodological approaches without giving sufficient attention to the concepts which are fundamental to hypotheses particularly the ability of these concepts to travel Proper operationalising requires deep reflection on the concept not simply establishing how it should be measured Conceptualising Comparative Politics the flagship book of Routledge s series of the same name breaks new ground by emphasising the role of thoroughly thinking through concepts and deep familiarity with the case that inform the conceptual reflection In this thought provoking book established academics as well as emerging scholars in the field collect and invite scholarship in the tradition of conceptual comparative politics The book posits that concepts may be used comparatively as lenses building blocks and scripts and contributors show how these conceptual tools can be employed in original comparative research Importantly contributors to Conceptualising Comparative Politics do not simply use concepts in one of these three ways but they apply them with careful consideration of empirical variation The chapters included in this volume address some of the most contentious issues in comparative politics populism state capacity governance institutions elections secularism among others from various geographic regions and model how scholars doing comparative politics might approach such subjects Concepts make possible scholarly conversations including creative confrontations across paradigms Conceptualising Comparative Politics will challenge you to think of how to engage in conceptual comparative inquiry and how to use various methodologically sound techniques to understand and explain comparative politics

Consumer Energy Conservation Behavior After Fukushima Isamu Matsukawa,2016-05-12 This book presents an in depth empirical analysis of consumer response to alternative policies for energy conservation Its main focus is on innovative policy instruments that have attracted increasing attention from academics and energy conservation practitioners alike critical peak pricing conservation requests in home displays and home energy reports The book investigates the effects of these policy instruments on residential demand for electricity The data is drawn from a series of randomized field experiments for the years 2012 2013 in Japan where serious concerns about power shortages have emerged in the wake of the nuclear disaster in Fukushima By applying econometric techniques to the quantitative analysis of residential power consumption the book demonstrates how consumers respond to innovative instruments for energy

conservation It also offers new perspectives on how these instruments can be used more effectively and explores the potential for their practical implementation This highly informative book is essential reading for energy specialists in both academic and professional contexts **Manual of Clinical Problems in Infectious Disease** Nelson Murray Gantz,Richard Alan Gleckman,1979 *Country Guide and Nor'west Farmer* ,1911 *John L.
