Policing and Boundaries in a Violent Society Guy Lamb, 2022-01-31 This book explores how social and territorial boundaries have influenced the approaches and practices of the South Africa Police Service SAPS By means of a historical analysis of South Africa this book introduces a new concept police frontierism which illuminates the nature of the relationships between the police policing and boundaries and can potentially be used for future case study research Drawing on a wealth of research this book examines how social and territorial boundaries strongly influenced police practices and behaviour in South Africa and how social delineations amplify and distort existing police prejudices against those communities on the other side of the boundary Focusing on cases of high density police operations public order policing and the recent policing of the COVID 19 lockdown this book argues that poor economic conditions combined with an increased militarisation of the SAPS and a decline in public trust in the police will result in boundaries continuing to fundamentally inform police work in South Africa This book will be of interest to scholars and students interested in policing in post colonial societies characterised by high levels of violence as well as police work and police militarization **Using African**

Epistemologies in Shaping Inclusive Education Knowledge Mbulaheni Obert Maguvhe, Mfundo Mandla

Masuku, 2023-07-13 This book thus explores the role of African epistemologies in addressing the myriad challenges posed by the inclusive education system in Africa and other contexts In recent years the shift from special education to inclusive education has had a significant impact on the provision of education and the education system as a whole in Africa The impact has been felt in all institutions of learning from low to high public and private government and across departments of education Inclusive education if shaped correctly by using African epistemologies would empower learners to attain the relevant skills knowledge values and attitudes for their own intellectual growth and personal development *The Shipley*

Papers on the Political Situation in South Africa, 1885-1895 Charles Leonard (of

Johannesburg.), 1903 The papers which make up this book were written at different times and were of the class that disappears entirely unless some care is taken to preserve them The author also managed to retrieve the pamphlet entitled England in South Africa which was viewed as lost until discovered accidentally that a lady in Scotland Mrs Taylor had preserved a copy which was then lent to the author That pamphlet written from the standpoint of the loyal Cape Colonists is worth preserving as it shows that so far back as 1885 Dutch National aspirations had taken such definite form as to lead to the formation of an English political association the Empire League for the maintenance of the English tie The other papers

too will be of use to the student of the future Even the newspaper reports of meetings of the Transvaal National Union containing as they do though in crude form records of the resolutions passed by that body of Uitlanders and of the speeches of its leaders which must reveal to future writers much that is important and relevant The terms of the great Petition which was signed by 38 500 people and contemptuously disregarded by the Volksraad will forever give the lie to the statement on the Boer side that the Uitlanders formulated their demands in such insolent terms as to preclude all possibility of their being granted The extracts from the address of the Republican Chief Justice the solemn warnings in the paper written by Mr J W Wessels now a judge on the Transvaal Bench and the able analysis of the Republican Constitution by Advocate Auret printed originally as appendices to my statement for the House of Commons Committee should be of great value to students of South African history

Mud to bricks: A review of school infrastructure spending and delivery Carmen Abdoll, Conrad Barberton, 2014-07-04 The Centre for Child Law commissioned this study by Cornerstone Economic Research to track school infrastructure spending and delivery The report written by Carmen Abdoll and Conrad Barberton makes the concerning finding that the national Department of Basic Education has woefully underspent the School Infrastructure Backlog grant for two years running In 2011 2012 spending was a little over 10 per cent and only at 23 per cent in 2012 2013 at the end of the third quarter The ASIDI target for the number of schools to be built in 2011 2012 and 2012 2013 was 49 However only 10 had been completed by the end of the first year They predict that if the DBE continues at the same delivery rate a realistic timeframe for the eradication of schools with inappropriate structures is probably 2023 24 They make recommendations which if followed could shorten the delay significantly This study shows the importance of monitoring and evaluating progress against court orders and out of court settlements to ensure that the right to a basic education is made real

simulating the steam reforming of sunflower meal in aspen plus - Nov 14 2022

web aug 18 2021 hussain et al 16 investigated the effect of temperature and steam feed rate on the steam reforming of drupe seed shells using aspen plus an rgibbs type reactor was used and the effect of temperature 600 900 c and steam flowrate 1 2 kg h on hydrogen yield and product composition was investigated

simulation of biomass gasification in fluidized bed reactor using aspen - Apr 07 2022

web abstract a comprehensive process model is developed for biomass gasification in an atmospheric fluidized bed gasifier using the aspen plus simulator the proposed model addresses both hydrodynamic parameters and reaction kinetic modeling governing hydrodynamic equations for a bubbling bed and kinetic expressions for the char
