**Jane's Intersex Secret** Bella Bonitelza, 2015-02-27 Jane keeps the fact that she was born intersex a secret **Critique of Fantasy, Vol. 1** Laurence A. Rickels, 2020 Critique of Fantasy Vol 1 Between a Crypt and a Date Mark addresses both the style or genre of fantasy and the mental faculty long the hot property of philosophical ethics Freud passed it along in his 1907 essay on the poetics of daydreaming when he addressed omnipotent wish fantasy as the source and resource of the aspirations and resolutions of art which however the artwork can never look back at or acknowledge By grounding his genre in the one fantasy that is true the Gospel J R R Tolkien obviated and made obvious the ethical mandate of fantasy s restraining order With George Lucas s Star Wars we entered the borderlands of the fantasy and science fiction genres a zone resulting from and staggering a contest which Tolkien inaugurated in the 1930s The history of this contested borderland marks changes that arose in expectation of what the new media held in store changes realized but outside the box of what had been projected upon the arrival of the unanticipated digital relation which at last seemed to award the fantasy genre the contest prize Freud s notion of the Zeitmarke datemark the indelible impress of the present moment that triggered the daydream that denies it already introduced the import of fantasy s historicization Science fiction won a second prize that keeps it in the running No longer bound to projecting the future the former calling which in light of digitization it flunked science fiction becomes allegorical and reading in the ruins of its failed predictions illuminates all the date marks and crypts hiding out in the borderlands it traverses with fantasy To motivate the import of an evolving science fiction genre Critique of Fantasy makes Gotthard G nther s reflections in the 1950s on American science fiction as heralding a new metaphysics and a new planetary going on interstellar civilization a mainstay of its cultural anthropology with B genres After thirty years teaching at the University of California Santa Barbara in 2011 Laurence A Rickels accepted a professorship in art and theory at the Staatliche Akademie der Bildenden K nste Karlsruhe and taught there as successor to Klaus Theweleit until 2017 During 2018 Rickels was Eberhard Berent Visiting Professor and Distinguished Writer at New York University and he continues to offer seminars in media and philosophy at the European Graduate School Saas Fee Switzerland and Malta where he holds the Sigmund Freud Chair Rickels is the author of Aberrations of Mourning Minnesota 1988 The Case of California Minnesota 1991 The Vampire Lectures Minnesota 1999 Nazi Psychoanalysis Minnesota 2002 The Devil Notebooks Minnesota 2008 Ulrike Ottinger The Autobiography of Art Cinema Minnesota 2008 I Think I Am Philip K Dick Minnesota 2010 SPECTRE Anti Oedipus 2013 Germany A Science Fiction Anti Oedipus 2014 and The Psycho Records Columbia 2016 Proud Heritage Chuck Stewart, 2014-12-16 This groundbreaking three volume reference traces the roots and development of lesbian gay bisexual and transgender LGBT rights and issues in the United States from the pre colonial period to the present day With the social religious and political stigmas attached to alternative lifestyles throughout history most homosexuals bisexuals and transgender people lived covertly for much of if not all of their lives Likewise the narrative of our country

**The Power and Fluidity of Girlhood in Henry Darger's Art** Leisa Rundquist,2021-04-05 This book is the first to examine Henry Darger s conceptual and visual representation of girls and girlhood Specifically Leisa Rundquist charts the artist s use of little girl imagery his direct appropriations from mainstream sources as well as girls modified to meet his needs in contexts that many scholars have read as puerile and psychologically disturbed Consequently this inquiry qualifies the intersexed aspects of Darger s protagonists as well as addresses their inherent cute and little associations that signal multivocal meanings often in conflict with each other Rundquist engages Darger s art through thematic analyses of the artist s writings mature works collages and ephemeral materials This book will be of particular interest to scholars in art history art and gender studies sociology and contemporary art

*Toxic Sexual Politics* Melina Packer,2025-01-28 A bold expos of how the very foundation of toxicology has been contaminated by sexist and racist ideologies The first critical understanding of the field of toxicology from a feminist and antiracist perspective Toxic Sexual Politics asserts that the science of toxicants must be held accountable for the uneven distribution of toxic pollution along racial and sexual lines Drawing upon in depth interviews and extensive ethnographic and archival research including participant observations in toxicology classrooms conferences and laboratories Melina Packer urges environmental health advocates to place toxicant science within its masculinist militarist and eugenicist history Toxic Sexual Politics shows how the founding fathers of U S toxicology were ideologically aligned with the chemical industry inventing a science that could make chemicals safe as opposed to one that could adequately protect planetary health from toxicants hazards While many toxicologists today are critical of the chemical industry they continue to rely on the highly limited tools of toxicology as accurate measures of toxicity as do government regulators the courts and environmental advocates Unlike most critiques of the chemical industry and narratives of environmental health movements Toxic Sexual Politics refuses to take the science at face value By focusing on the sexist racist and ableist biases reinforced by toxicology Packer powerfully argues that this scientific discipline reproduces the very same white supremacist and heterosexist logics that generated environmental injustices in the first place The field of toxicology can explicitly confront chemical corporate power by building from queer feminist anti ableist and antiracist movements for environmental and reproductive justice

**Long Before Stonewall** Thomas A. Foster,2007-07 Publisher description [Immaculate Forms](#) Helen King,2024-09-05

Delightful timely and critical Cat Bohannon Expertly weaves science history and culture to illuminate the most misunderstood parts of our bodies Dr Jennifer Gunter Throughout history religious scholars medical men and occasionally women themselves have moulded thought on what makes a woman She has been called the weaker sex the fairer sex the purer sex among many other monikers Often she has been defined simply as Not A Man Today we are more aware than ever of the complex relationship between our bodies and our identities But contrary to what some may believe what makes a woman is a question that has always been open ended Immaculate Forms examines all the ways in which medicine and religion have played a gatekeeping role over women s organs It explores how the womb was seen as both the most miraculous organ in the body and as a sewer uncovers breasts legacies as maternal or sexual organs or both probes the mystery of the disappearing hymen and asks did the clitoris need to be discovered at all

**The Politics of the Body** Alison Phipps, 2014-04-10 Winner of the 2015 FWSA Book Prize The body is a site of impassioned fraught and complex debate in the West today In one political moment left wingers academics and feminists have defended powerful men accused of sex crimes positioned topless pictures in the tabloids as empowering and opposed them for sexualizing breasts and undermining their natural function At the same time they have been criticized by extreme right groups for ignoring honour killings and other culture based forms of violence against women How can we make sense of this varied terrain In this important and challenging new book Alison Phipps constructs a political sociology of womens bodies around key debates sexual violence gender and Islam sex work and motherhood Her analysis uncovers dubious rhetorics and paradoxical allegiances and contextualizes these within the powerful coalition of neoliberal and neoconservative frameworks She explores how feminism can be caricatured and vilified at both ends of the political spectrum arguing that Western feminisms are now faced with complex problems of positioning in a world where gender often comes second to other political priorities This book provides a welcome investigation into Western politics around womens bodies and will be particularly useful to scholars and upper level students of sociology political science gender studies and cultural studies as well as to anyone interested in how bodies become politicized

*Cultural Expertise* Livia Holden, 2020 Cultural expertise in the form of expert opinions formulated by social scientists appointed as experts in the legal process is not different from any other kind of expertise in court In specialised fields of law such as native land titles in America and in Australia the appointment of social scientists as experts in court is a consolidated practice This Special Issue focuses on the contemporary evolution and variation of cultural expertise as an emergent concept providing a conceptual umbrella for a variety of evolving practices which all include use of the specialised knowledge of social sciences for the resolution of conflicts It surveys the application of cultural expertise in the legal process with an unprecedented span of fields ranging from criminology and ethnopsychiatry to the recognition of the rights of autochthone minorities including linguistic expertise and modern reformulation of cultural rights In this Special Issue the emphasis is on the development and change of culture related expert witnessing over recent times culture related

adjudication and resolution of disputes criminal litigation and other kinds of court and out of court procedures This Special Issue offers descriptions of judicial practices involving experts in local laws and customs and surveys of the most frequent fields of expert witnessing that are related with culture interrogates who the experts are their links with local communities and also with the courts and the state power and politics how cultural expert witnessing has been received by judges how cultural expertise has developed across the sister disciplines of history and psychiatry and eventually it asks whether academic truth and legal truth are commensurable across time and space *VideoHound's Golden Movie Retriever 1999*
