Japonius Tyrannus The Japanese Warlord Oda Nobunaga Reconsidered:

Japonius Tyrannus Jeroen Pieter Lamers, 2000 Oda Nobunaga 1534-82 one of the best known figures in Japanese history dominated the political scene in Japan between 1568 and 1582 as he gradually conquered the country's central region and initiated a process of military and political unification. However, no standard biography existed on this warlord. Japonius Tyrannus fills the gap in our knowledge about Nobunaga. The chronological narrative provides a thorough analysis of his political and military career, a solid, richly detailed political biography. Conrad Totman in *Monumenta Nipponica* Japonius Tyrannus Jeroen P. Lamers, 2021-09-20 Oda Nobunaga 1534-82 is one of the best known figures in Japanese history. However, no standard biography existed on this warlord who was the prime mover behind Japan's military and political unification in the late 16th century. Japonius Tyrannus fills the gap in our knowledge about Nobunaga and the chronological narrative provides a thorough analysis of his political and military career. *The Encyclopedia of War, 5 Volume Set* Gordon Martel, 2012-01-17 This ground-breaking 5-volume reference is a comprehensive print and electronic resource covering the history of warfare from ancient times to the present day across the entire globe. Arranged in A-Z format, the Encyclopedia provides an overview of the most important events, people, and terms associated with warfare from the Punic Wars to the Mongol conquest of China and the War on Terror from the Ottoman Sultan Suleiman the Magnificent to the Soviet Military Commander Georgi Konstantinovich Zhukov and from the crossbow to chemical warfare. Individual entries range from 1,000 to 6,000 words, with the longer essay-style contributions giving a detailed analysis of key developments and ideas. Drawing on an experienced and internationally diverse editorial board, the Encyclopedia is the first to offer readers at all levels an extensive reference work based on the best and most recent scholarly research. The online platform further provides interactive cross-referencing links and powerful searching and browsing capabilities within the work and across Wiley Blackwell's comprehensive online reference collection. Learn more at www.encyclopediaofwar.com. Selected by Choice as a 2013 Outstanding Academic Title, Recipient of a 2012 PROSE Award honorable mention. A History of Japan Conrad Totman, 2014-09-11 This is an updated edition of Conrad Totman's authoritative history of Japan from c. 8000 BC to the present day. The first edition was widely praised for combining sophistication and accessibility. Covers a wide range of subjects including geology, climate, agriculture, government, and politics, culture, literature, media, foreign relations, imperialism, and industrialism. Updated to include an epilogue on Japan today and tomorrow. Now includes more on women in history and more on international relations. Bibliographical listings have been updated and enlarged. Part of The Blackwell History of the World Series. The goal of this ambitious series is to provide an accessible source of knowledge about the entire human past for every curious person in every part of the world. It will comprise some two dozen volumes of which some provide synoptic views of the history of particular regions while others consider the world as a whole during a particular period of time. The volumes are narrative in form, giving balanced attention to social and cultural history in the broadest sense as well as to

institutional development and political change Each provides a systematic account of a very large subject but they are also both imaginative and interpretative The Series is intended to be accessible to the widest possible readership and the accessibility of its volumes is matched by the style of presentation and production China's Hegemony Ji-young Lee,2016-11-08 Many have viewed the tribute system as China's tool for projecting its power and influence in East Asia treating other actors as passive recipients of Chinese domination China's Hegemony sheds new light on this system and shows that the international order of Asia's past was not as Sinocentric as conventional wisdom suggests Instead throughout the early modern period Chinese hegemony was accepted defied and challenged by its East Asian neighbors at different times depending on these leaders strategies for legitimacy among their populations This book demonstrates that Chinese hegemony and hierarchy were not just an outcome of China's military power or Confucian culture but were constructed while interacting with other less powerful actors domestic political needs especially in conjunction with internal power struggles Focusing on China Korea Japan dynamics of East Asian international politics during the Ming and High Qing periods Ji Young Lee draws on extensive research of East Asian language sources including records written by Chinese and Korean tributary envoys She offers fascinating and rich details of war and peace in Asian international relations addressing questions such as why Japan invaded Korea and fought a major war against the Sino Korean coalition in the late sixteenth century why Korea attempted to strike at the Ming empire militarily in the late fourteenth century and how Japan created a miniature tributary order posing as the center of Asia in lieu of the Qing empire in the seventeenth century By exploring these questions Lee's in depth study speaks directly to general international relations literature and concludes that hegemony in Asia was a domestic as well as an international phenomenon with profound implications for the contemporary era Dismissed as elegant fossils Lee Bruschke-Johnson,2021-11-22 Konoe Nobutada 1565 1614 was a famous calligrapher and head of a high ranking aristocratic family Nobutada's contributions to the art and culture have frequently been overlooked largely because of the common misperception that aristocrats were too outdated impoverished and powerless to be worthy of discussion Dismissed as Elegant Fossils seeks to reinstate aristocrats as key players in the competition for political and artistic supremacy by examining Nobutada's calligraphy and painting his turbulent relationship with Tokugawa Ieyasu and his family's role in marital politics Japan at War Louis G. Perez,2013-01-08 This compelling reference focuses on the events individuals organizations and ideas that shaped Japanese warfare from early times to the present day Japan's military prowess is legendary From the early samurai code of morals to the 20th century battles in the Pacific theater this island nation has a long history of duty honor and valor in warfare This fascinating reference explores the relationship between military values and Japanese society and traces the evolution of war in this country from 700 CE to modern times In Japan at War An Encyclopedia author Louis G Perez examines the people and ideas that led Japan into or out of war analyzes the outcomes of battles and presents theoretical alternatives to the strategic choices made during the conflicts The book contains

contributions from scholars in a wide range of disciplines including history political science anthropology sociology language literature poetry and psychology and the content features internal rebellions and revolutions as well as wars with other countries and kingdoms Entries are listed alphabetically and extensively cross referenced to help readers quickly locate topics of interest

Ninja Stephen Turnbull, 2020-01-31 This history of the ninja uncovers the truth behind the image from the exploits of medieval ninjas to their modern incarnation as pop culture icons The ninja is a legendary figure in Japanese military culture a fighter widely regarded as the world's greatest expert in secret warfare The word alone conjures the image of a masked assassin dressed in black capable of extraordinary feats of daring a mercenary who disposes of enemies by sending sharp iron stars spinning towards them This is of course a popular myth based on exaggerations and Hollywood movies But the truth as Stephen Turnbull explains in *Ninja* is even more fascinating A leading expert on samurai culture Turnbull presents an authoritative study of ninja history based on original Japanese sources many of which have never been translated before These include accounts of castle attacks assassinations and espionage as well as the last great ninja manual which reveals the spiritual and religious ideals that were believed to lie behind the ninja's arts Turnbull's critical examination of the ninja phenomenon ranges from undercover operations during the age of Japan's civil wars to the modern emergence of the superman ninja as a comic book character The book concludes with a detailed investigation of the ninja in popular culture
