Labour Relations Question Paper November 2013 N6:

The Corporation in the Twenty-First Century John Kay, 2024-08-22 SHORTLISTED FOR THE FINANCIAL TIMES AND SCHRODERS BUSINESS BOOK OF THE YEAR 2024 A NEW STATESMAN BOOK OF THE YEAR 2024 A FINANCIAL TIMES BEST BUSINESS BOOK OF THE YEAR 2024 Original and thought provoking A brilliantly erudite account of the major waves in the theory and practice of management Financial Times Instead of theory it has wisdom an excellent book New Statesman For generations we have defined a corporation as a business that uses its accumulated wealth to own the means of production and exercise economic power That is no longer the reality Corporations no longer control their own industries and our most desired goods and services aren't stacked in container ships they appear on your screen fit in your pocket or occupy your head But even as we consume more than ever before big business faces a crisis of legitimacy The pharmaceutical industry creates life saving vaccines but has lost the trust of the public The widening pay gap between executives and employees is destabilising our societies Facebook and Google have more customers than any companies in history but are widely reviled In incisive provocative prose economist John Kay describes how the pursuit of shareholder value has destroyed mammoth companies redefines successful commercial activity and looks to the future of what the corporation might be *Industrial and Labor Relations Review*, 2013

The Neighbours of the European Union's Neighbours Sieglinde Gstöhl, Erwan Lannon, 2016-02-24 Should the European Neighbourhood Policy stop at the borders of the European Union's immediate neighbouring countries This book is the first full length study of the neighbours of the EU's neighbours a concept originally introduced by the European Commission with reference to Saharan Africa the Middle East and Central Asia These regions in the EU's broader neighbourhood are often perceived as an arc of crisis from which manifold challenges emanate for Europe This timely book takes stock of the state of the EU's cooperation with the neighbours of its neighbours and explores how the concept might help promote security stability and prosperity beyond the countries which are formally part of the European Neighbourhood Policy How can the EU create bridges between these regions What instruments does the EU have at its disposal and how can it link them in order to respond to the challenges and overcome the current fragmentation One of the conclusions is the suggestion to consider a pragmatic EU Strategy for the Neighbours of its Neighbours which addresses the needs of the broader EU neighbourhood in a more systematic and consistent manner and helps transform in the long run the arc of crisis into another ring of friends

Collective Bargaining Developments in Times of Crisis Sylvaine Laulom, 2016-04-24 In many EU Member States the various economic crises of recent years provided grounds for a rarely equalled level of state intervention in the regulation of labour relations with an explicit aim the decentralisation of collective bargaining An extensive body of research summed up and analysed expertly in the chapters of this very important book reveals that the process of decentralisation has more often than not led to a situation where salaries and labour conditions are ever more frequently determined by direct negotiations

between employer and employees with the State becoming the sole guarantor of employee protection even as it encourages decreasing labour costs to ensure that companies remain competitive The comparative approach offered in this book adds to this synthesis by providing examples of specific recent developments in fourteen Member States and Turkey Among the numerous topics and issues that arise are the following opt out clauses that derogate unfavourably from sectoral agreement standards extension of the employer's unilateral decision making power memoranda of understanding imposed by the troika EU ECB and IMF and stand by arrangements imposed by the IMF However notwithstanding the strong emphasis on changing the structure of collective agreements by shifting the centre of gravity closer to the company research finds promise in the reconstituted support for sector level agreements increasingly found among very small businesses networked businesses and work via digital platforms This is the first book to take stock of the current state of collective bargaining in Europe It is an essential study for labour and employment law practitioners and an exemplary analysis of immeasurable value to policymakers and academics in the field

Feminism and Global Justice Kerry Carrington, 2014-10-17 In this book Kerry Carrington takes a bold critical and reflexive approach to understanding the global divisions and inequalities that shape distinctive patterns of gender and crime The book argues that in order for feminist criminology to enhance its conceptual and political relevance in the twenty first century bold new directions in scholarship on gender crime and global justice are required that also take into account global divisions and inequalities Issues explored in the book include the forced marriage of child brides female genital mutilation feminicide honour crimes rape and domestic violence and the systemic denial of female rights justified by religion custom or culture It also explores rising rates of violence recorded for women offenders globally and their increasing participation in terrorism as well as troubling male on male violence in anomic spaces cultivated by globalising forces Feminism and Global Justice argues that the world needs feminism more than ever to address systemic culturally shaped and diverse forms of injustice experienced by females across the globe many of them children It will be essential reading for international and national human rights organisations as well as academics and students engaged in the study of criminology development studies sociology politics and gender studies

[The Welsh Language Commissioner in Context](#) Diarmait Mac Golla Chríost, 2016-07-20 it is the first book on the subject much of the research data provides a unique insight to the development of government policy and is exclusive to this book several of the research results are quite striking and will be of great interest to academics and policy actors alike

[Bullshit Comparisons](#) Andrew Brooks, 2024-06-06 Bullshit Comparisons will challenge the way you think about rankings charts and other marketing and political tools designed to create odious and dangerous comparisons Is Boris Johnson really like Winston Churchill Are electric cars actually greener than petrol ones Which is the world's most successful university Is Lisbon the new Barcelona Should we compare the achievements of younger and older siblings even when we know it damages their self worth We make comparisons every day but how helpful are they Looking across a dazzling range of situations both familiar and unfamiliar

Bullshit Comparisons is a ground breaking examination of the role of comparison in modern society illuminated by examples spanning from the FIFA World Footballer of the year to wine tasting in London hospital care in Sierra Leone and avocado farming in Colombia Challenging us to think critically about the use of comparison through accessible personal and often amusing research Andrew Brooks reveals the uses and abuses of comparisons in a book that isn't like anything else you have read

Financial Crisis in American Households Joseph Nathan Cohen, 2017-04-24 More than one third of Americans could not sustain a basic livelihood without government assistance Almost 60 percent of seniors are dependent on the government Why is this This book examines how the U S economy's failure to deliver high quality universally accessible basic necessities is creating acute financial insecurity among the American middle class Over the past 30 years America's middle class has grown more financially insecure How much of this pressing problem is due to Americans failure to restrain their spending versus their upwards spiraling and increasingly necessary expenditures on health care education and housing And how can Americans choose between financial security and paying for essentials on a day to day basis This book answers these tough questions and many more in its evaluation of a complex and contentious issue how basic expenses of life in the 21st century are bankrupting American families The book begins with a snapshot of U S household finances an assessment of financial insecurity's prevalence across the nation and a description of how American households have declined into their present precarious economic situation over the last three decades The author's analysis then looks at how European countries pursue policies that make these essentials highly accessible and postulates that the socialization of these essentials in other countries has helped to solidify household finances and maintain living standards The work uniquely focuses on the plight of the middle class in America to provide relevant useful information to help as many readers as possible to better understand and improve their own financial situations
