literature Esoteric paradigms not only understand themselves in elaborated mytho poetical narratives as bearers of older hidden higher knowledge They also claim their knowledge to be of a particular origin And they claim this knowledge has been transmitted by particular esoteric means media and groups Consequently esotericism not only involves the construction of its own tradition it can even be understood as a specific form of tradition and transmission The various studies of the present volume which contains the papers of a conference held in Tbingen in July 2007 provide an overview of the most important concepts and ways of constructing tradition in esotericism *Tarot, jeu et magie* Thierry Depaulis, 1984
