their babies safe Among the Indians of the Great Plains rigid cradles are both practical and symbolic and many of these cradleboards combining basketry and beadwork represent some of the finest examples of North American Indian craftsmanship and decorative art This lavishly illustrated volume is the first full length reference book to describe baby carriers of the Lakota Cheyenne Arapaho and many other Great Plains cultures Author Deanna Tidwell Broughton a member of the Oklahoma Cherokee Nation and a sculptor of miniature cradles draws from a wealth of primary sources including oral histories and interviews with Native artists to explore the forms functions and symbolism of Great Plains cradleboards As Broughton explains the cradle was vital to a Native infant s first months of life providing warmth security and portability as well as a platform for viewing and interacting with the outside world for the first time Cradles and cradleboards were not only practical but also symbolic of infancy and each tribe incorporated special colors materials and ornaments into their designs to imbue their baby carriers with sacred meaning Hide Wood and Willow reveals the wide variety of cradles used by thirty two Plains tribes including communities often ignored or overlooked such as the Wichita Lipan Apache Tonkawa and Plains M tis Each chapter offers information about the tribe s background preferred types of cradles birth customs and methods for distinguishing the sex of the baby through cradle ornamentation Despite decades of political and social upheaval among Plains tribes the significance of the cradle endures Today a baby can still be found wrapped up and wide eyed supported by a baby board With its blend of stunning full color images and detailed information this book is a fitting tribute to an important and ongoing tradition among indigenous cultures
