Freud's Papers on Technique, 1953-1954 Jacques Lacan,1988 This volume is the transcript of the first year of Lacan s world famous seminar Taking as its theme the technique of psychoanalysis within the framework of Lncan s return to Freud it includes elaboration of Lacan s notions of the symbolic the imaginary and the real the importance of speech and language in psychoanalysis and the interpretation to be put on the mirror stage The Psychoses Jacques Lacan,2013-11-19 During the third year of his famous seminar Jacques Lacan gives a concise definition of psychoanalysis Psychoanalysis should be the science of language inhabited by the subject From the Freudian point of view man is the subject captured and tortured by language Since psychosis is a special but emblematic case of language entrapment Lacan devotes much of this year to grappling with distinctions between the neuroses and the psychoses As he compared the two relationships symmetries and contrasts emerge that enable him to erect a structure for psychosis Freud s famous case of Daniel Paul Schreber is central to Lacan s analysis In demonstrating the many ways that the psychotic is inhabited possessed by language Lacan draws upon Schreber s own account of his psychosis and upon Freud s notes on this case of paranoia The analysis of language is both fascinating and enlightening **The Sinthome** Jacques Lacan,2018-10-29 Ten times an elderly grey haired man gets up on the stage Ten times puffing and sighing Ten times slowly tracing out strange multi coloured arabesques that interweave curling with the meanders of his speech by turns fluid and uneasy A whole crowd looks on transfixed by this enigma made man absorbing the ipse dixit and anticipating some illumination that is taking its time to appear Non lucet It s shady in here and the Th odores go hunting for their matches Still they say cuicumque in sua arte perito credendum est whosoever is

expert in his art is to be lent credence At what point is a person mad The master himself poses the question That was back in the day Those were the mysteries of Paris forty years hence A Dante clasping Virgil's hand to be led through the circles of the Inferno Lacan took the hand of James Joyce the unreadable Irishman and in the wake of this slender Commander of the Faithless made with heavy and faltering step onto the incandescent zone where symptomatic women and ravaging men burn and writhe An equivocal troupe was in the struggling audience his son in law a dishevelled writer young and just as unreadable back then two dialoguing mathematicians and a professor from Lyon vouching for the seriousness of the whole affair A discreet Pasipha was being put to work backstage Smirk then my good fellows Be my guest Make fun of it all That's what our comic illusion is for That way you shall know nothing of what is happening right before your very eyes the most carefully considered the most lucid and the most intrepid calling into question of the art that Freud invented better known under its pseudonym psychoanalysis Jacques Alain Miller ...or Worse Jacques Lacan, 2018-08-20 A chance meeting of a sewing machine and an umbrella The impossible face off between a whale and a polar bear One was devised by Lautr amongst the other punctuated by Freud Both are memorable Why so They certainly tickle something in us Lacan says what it is It's about man and woman There is neither accord nor harmony between man and woman There's no programme nothing has been predetermined every move is a shot in the dark which in modal logic is called contingency There's no way out of it Why is it so inexorable that is so necessary It really has to be reckoned that this stems from an impossibility Hence the theorem There is no sexual relation The formula has become famous In the place of what thereby punctures a hole in the real there is a plethora of luring and enchanting images and there are discourses that prescribe what this relation must be These discourses are mere semblance the artifice of which psychoanalysis has made apparent to all In the twenty first century this is beyond dispute Who still believes that marriage has a natural foundation Since it's a fact of culture one devotes oneself to inventing One cobbles together different constructions from whatever one can It may be better or worse There is Oneness At the heart of the present Seminar this aphorism which hitherto went unnoticed complements the there is no of sexual relation stating what there is It should be heard as One all alone Alone in jouissance which is fundamentally auto erotic and alone in significance outside any semantics Here begins Lacan's late teaching Everything he has already taught you is here and yet everything is new overhauled topsy turvy Lacan had taught the primacy of the Other in the order of truth and the order of desire Here he teaches the primacy of the One in its real dimension He rejects the Two of sexual relation and that of signifying articulation He rejects the Big Other the fulcrum of the dialectic of the subject disputing its existence which he consigns to fiction He depreciates desire and promotes jouissance He rejects Being which is mere semblance Henology the doctrine of the One here outclasses ontology the theory of Being What about the symbolic order Nothing more than the reiteration of the One in the real Hence the abandoning of graphs and topological surfaces in favour of knots made of rings of string each of which is an unlinked One Recall that Seminar XVIII sighed for a discourse that would not be semblance Well

with Seminar XIX we have an attempt at a discourse that would take its point of departure in the real The radical thought of modern individualism Jacques Alain Miller **The Ethics of Psychoanalysis 1959-1960** Jacques Lacan, 2013-11-19 In his famous seminar on ethics Jacques Lacan uses this question as his departure point for a re-examination of Freud's work and the experience of psychoanalysis in relation to ethics Delving into the psychoanalyst's inevitable involvement with ethical questions Lacan clarifies many of his key concepts During the seminar he discusses the problem of sublimation the paradox of jouissance the essence of tragedy and the tragic dimension of analytical experience One of the most influential French intellectuals of this century Lacan is seen here at the height of his powers *Écrits* Jacques Lacan, 1971 Brilliant and innovative Jacques Lacan's work lies at the epicenter of modern thought about otherness subjectivity sexual difference the drives the law and enjoyment This new translation of his complete works offers welcome readable access to Lacan's seminal thinking on diverse subjects touched upon over the course of his inimitable intellectual career *Écrits* Jacques Lacan, 1999

Pour la première fois en édition de poche le texte intégral des *Écrits* **The Seminar of Jacques Lacan** Jacques Lacan, 1988 Often controversial always inspired French intellectual Jacques Lacan begins the twentieth year of his famous Seminar by weighing theories of the relationship between the desire for love and the attainment of knowledge from such influential and diverse thinkers as Aristotle Marx and Freud From here he leads us through mathematics philosophy religion and naturally psychoanalysis into an entirely new and unexpected way of interpreting the two most fundamental human drives Anticipated by English speaking readers for more than twenty years this annotated translation presents Lacan's most sophisticated work on love desire and jouissance **Le séminaire de Jacques Lacan** Jacques Lacan, 1975 Vous n'avez qu'à aller regarder Rome la statue du Bernin pour comprendre tout de suite qu'elle jouit sainte Thérèse a ne fait pas de doute Et de quoi jouit-elle Il est clair que le témoignage essentiel des mystiques c'est justement de dire qu'ils le prouvent mais qu'ils n'en savent rien Ces jaculations mystiques ce n'est ni du bavardage ni du verbiage c'est en somme ce qu'on peut lire de mieux Tout fait en bas de page note Y ajouter les *Écrits* de Jacques Lacan parce que c'est du même ordre Ce qui se tentait la fin du siècle dernier au temps de Freud ce qu'ils cherchaient toutes sortes de braves gens dans l'entourage de Charcot et des autres c'était de ramener la mystique des affaires de foutre Si vous y regardez de près ce n'est pas à du tout Cette jouissance qu'on prouve et dont on ne sait rien n'est ce pas ce qui nous met sur la voie de l'existence Et pourquoi ne pas interpréter une face de l'Autre la face Dieu comme supportée par la jouissance féminine **Formations of the Unconscious** Jacques Lacan, 2020-08-31

When I decided to explore the question of Witz or wit with you this year I undertook a small enquiry It will come as no surprise at all that I began by questioning a poet This is a poet who introduces the dimension of an especially playful wit that runs through his work as much in his prose as in more poetic forms and which he brings into play even when he happens to be talking about mathematics for he is also a mathematician I am referring to Raymond Queneau While we were exchanging our first remarks on the matter he told me a joke It's a joke about exams about the university entrance exams if you like We

have a candidate and we have an examiner Tell me says the examiner about the battle of Marengo The candidate pauses for a moment with a dreamy air The battle of Marengo Bodies everywhere It s terrible Wounded everywhere It s horrible But says the examiner Can t you tell me anything more precise about this battle The candidate thinks for a moment then replies A horse rears up on its hind legs and whinnies The examiner surprised seeks to test him a little further and says In that case can you tell me about the battle of Fontenoy Oh says the candidate a horse rears up on its hind legs and whinnies The examiner strategically asked the candidate to talk about the battle of Trafalgar The candidate replies Dead everywhere A blood bath Wounded everywhere Hundreds of them But my good man can t you tell me anything more precise about this battle A horse Excuse me I would have you note that the battle of Trafalgar is a naval battle Whoah Whoah says the candidate Back up Neddy The value of this joke is to my mind that it enables us to decompose I believe what is at stake in a witticism
