L'accueil Familial Dans Tous Ses Etats

Marco Casella

L'accueil Familial Dans Tous Ses États:

L'accueil familial dans tous ses états Claire Weil, 2012-09-15 Cet ouvrage nous donne une lecture du placement familial originale et tonnante. Par les approches biographiques proposées par l'exposition d'actions innovantes et créatrices par leurs réflexions posées sur la formation, les auteurs nous font vivre l'histoire qui compose et structure l'accueil familial d'aujourd'hui. Assumer cette diversité ne pas la réduire des domaines de compétences la valoriser tel est l'enjeu de ce livre.

L'accueil familial en France et ailleurs, 2025-09-18 *DU PLACEMENT A L'ACCUEIL FAMILIAL* Bernard Balas, Noël Rousseaux, 2000-10-01 Les auteurs ont une double problématique tout d'abord ils utilisent la sociologie pour dresser un historique conceptuel de la notion de famille et montrent comment l'institution du placement d'enfants se sert des particularités des familles d'accueil des fins de récupération et de contrôle social et d'autre part ils se réfèrent la psychologie et plus particulièrement la systémie.

Développement socio-affectif et parentalités dans l'accueil familial Séverine Euillet, 2007 Dans l'objectif d'analyser le développement socio-affectif des jeunes enfants ainsi que la dynamique de l'accueil familial et les processus psychologiques des adultes significatifs pour l'enfant l'hypothèse formulée dans cette recherche est que les parents biologiques travers leur implication parentale et l'assistant familial travers sa parentalité d'accueil participent au développement socio-affectif du jeune enfant accueilli et plus particulièrement la qualité de ses représentations d'attachement et de ses compétences sociales. Lors de cette recherche longitudinale et qualitative ont été rencontrés 38 enfants en famille d'accueil âgés de 52 mois puis de 57 mois 32 assistants familiaux et 36 parents. Les outils utilisés sont le protocole des Histoires d'Attachement Compléter le Profil Socio-Affectif un Questionnaire sur l'implication parentale et un entretien semi-directif. Les représentations des parents des assistants familiaux et des intervenants sociaux proposées de l'implication parentale diffèrent notamment quant à la qualité de l'interaction parents-enfant et des compétences parentales. Parallèlement la majorité des assistants familiaux adoptent une parentalité caractérisée par une éducation différenciée des enfants. Les principaux résultats indiquent que 70 % des enfants rencontrés possèdent des représentations d'attachement sécurisées comme chez les enfants tout venant. Main Solomon 1990 et que 30% des enfants développent des représentations d'attachement dissociées. Les analyses révèlent que 84% des enfants présentent une adaptation globale tout fait satisfaisante.

Enfant, parents, famille d'accueil Myriam David, 2000 Ce livret rédigé par le groupe de travail conduit par Myriam David l'initiative du ministère de l'Emploi et de la Solidarité est destinée à attirer durablement l'attention des élus territoriaux des responsables de services des magistrats et des professionnels sur les conditions dans lesquelles l'accueil familial doit être pratiqué pour que les enfants et les parents en grande difficulté victimes ou auteurs de carences graves de maltraitances et de conduites abusives puissent en bénéficier. Il insiste sur la complexité de ce mode de prise en charge et sur les obstacles auxquels se heurtent les familles d'accueil les équipes socio-éducatives et leurs cadres.

Regards européens sur l'accueil familial Association nationale des placements familiaux (France). Journées d'étude, 2011-10-01 Les journées d'études de l'ANPF ont interrogé la

professionnalisation son intérêt mais aussi les cueils viter afin de préserver la richesse de l'accueil familial dans un dispositif de placement familial En quoi la professionnalisation va-t-elle contribuer la compréhension de ce qui se passe dans l'accueil d'un enfant partagé entre deux familles en lien avec les quipes En quoi la formation des assistants familiaux interroge le sens même du projet de placement familial

L'accueil familial des adultes Jean-Claude Cébula, 1999 L'accueil familial est un mode d'aide et de soutien adapté aux besoins de certains adultes dépendants du fait de l'âge du handicap ou de la maladie Malgré son caractère ancien l'accueil familial des adultes devient une nouvelle pratique sociale et thérapeutique parmi les alternatives aux prises en charge en tablissement Il est donc indispensable de s'intéresser aux accueillants et ce que leur vie familiale peut apporter aux différents besoins des accueillis et la complexité des processus relationnels qui doivent être accompagnés Cet ouvrage a pour objectif de présenter les multiples facettes de l'accueil familial des adultes en proposant un support à la réflexion des intervenants des familles d'accueil et des aidants partir de la relecture de l'histoire de l'accueil en famille l'analyse des cadres relationnels et de leurs limites l'approche différenciée des besoins des personnes pouvant bénéficier de l'accueil familial la définition du travail des familles d'accueil et des aides apporter en matière de suivi et d'accompagnement l'élaboration théorique des mouvements relationnels que vivent familles d'accueil et accueillis

Guide de l'accueil familial Jean-Claude Cébula, 2000 L'accueil familial constitue un domaine important des pratiques sociales et médico-sociales De nombreux enfants et des adultes en difficulté bénéficient d'une mesure de placement en famille d'accueil Les auteurs ont voulu proposer aux professionnels concernés un panorama global de l'ensemble des aspects organisationnels et relationnels mais aussi cliniques sociologiques voire historiques qui caractérisent cette pratique À ce titre leur ouvrage constitue une tape nouvelle dans l'évolution de la compréhension de l'accueil familial Le Guide de l'accueil familial réunit cinq spécialistes de ce champ professionnel Il est composé de 50 entrées classées par ordre alphabétique et comportant un développement synthétique et une courte bibliographie thématique D'un abord facile cet ouvrage se veut un instrument de travail et de réflexion au service de ceux qui vivent dans le champ de l'accueil familial

Professionnalisation de l'accueil familial Martine Gaston (auteur d'un mémoire), 1996

Se Construire Quand Même- Hana Rottman, Pascal Richard, 2009 Comment peut-on prendre soin des 66 000 enfants qui sont actuellement placés en accueil familial en France Il est régulièrement rappelé que les prises en charge de ces enfants ne doivent pas être réduites uniquement des préoccupations sociales mais bien comporter une dimension de soin et de prévention Les processus en jeu ont cependant besoin d'être reconceptualisés si l'on veut éviter l'effet désastreux de certaines pratiques l'un des effets les plus vidents et l'un des plus coûteux pour la société tant la répartition transgénérationnelle des phénomènes de dysparentalité L'ambition de ce livre est de participer à la diffusion des connaissances acquises et

valides dans ce champ spécifique et transdisciplinaire et de souligner l'importance qu'il y a à prendre en compte la complexité des situations rencontrées comme celle inévitable des réponses pouvant être proposées. Les auteurs fondent leurs contributions sur l'expérience qu'ils ont acquise dans des dispositifs d'accueil familial de référence sanitaire ou sociale et dont ils ont tiré un certain nombre de convictions qui leur apparaissent comme autant de prérequis pour l'adaptation des pratiques mais aussi de nombreux questionnements. En exposant aux lecteurs comment se sont laborées leurs convictions et en partageant avec eux leurs questionnements, ces spécialistes de terrain souhaitent contribuer à la laboration d'une culture professionnelle qui permette aux enfants pris en charge de se construire quand même. Au fil des quatre parties de cet ouvrage, les lecteurs pourront donc trouver des arguments pour que cette culture connaisse enfin dans les pratiques, dans les objectifs qui leur sont assignés et dans les moyens dont elles sont dotées, une traduction authentique et durable. Au moment où la protection de l'enfance, la justice pour mineurs et la psychiatrie infantile jouent l'objet d'importantes réformes, ce livre intéressera tous les professionnels intervenant un titre ou un autre dans les situations complexes rencontrées en accueil familial.
