

The background of the book cover is a composite illustration. In the foreground, a rocket is shown from a low angle, with its engines glowing with intense orange and yellow fire. The rocket is positioned on the left side of the frame. In the background, a dark, rocky landscape, possibly a moon or Mars, is visible. A large, dark, conical structure, resembling a mountain or a large crater, dominates the center-left of the background. To the right of this structure, a small, white, dome-shaped building with a few thin poles extending from it is situated on the rocky surface. The overall color palette is dark, with the bright colors of the rocket's engines providing a strong contrast.

Pourtant ces filières ont formé une voie majeure de prolongation des scolarités post primaires empruntée en majorité par les filles et ont accompagné les mutations du marché du travail tertiaire. En s'appuyant sur les recherches disponibles ce numéro d'Histoire de l'éducation propose de nouvelles pistes de réflexion qui toutes clament de manière prioritaire la place des filles au sein de l'enseignement commercial en comparaison avec celle des garçons. L'approche de genre s'avère alors fort utile pour penser les processus d'institutionnalisation des formations tout comme leurs liens avec le marché du travail qualifié. Le cas français sera utilement clair par des comparaisons avec les débuts de l'enseignement commercial féminin en Angleterre et en Allemagne.
