Willison, 1971-07-02 More than fifty specialists have contributed to this new edition of volume 2 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to reshape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries **Democracy, social resources and political power in the European Union** Niilo Kauppi, 2018-02-28 In this book Kauppi develops a structural constructivist theory of the European Union and critically analyses through French and Finnish empirical cases the political practices that maintain the Union's democratic deficit Kauppi conceptualises the European Union as both an arena for political contention and a nascent political order In this evolving multi-levelled European political field individuals and groups construct material and symbolic structures of political power grounded in a variety of social resources such as nationality culture and gender The author shows how the dominance of both executive political resources and domestic political cultures has prevented the development of European democracy Supranational executive networks have become more autonomous reinforcing the dominance of the resources they control At the same time national political cultures condition the political status of elected institutions such as the European parliament The book is particularly suited for undergraduate and graduate students in the fields of European Politics European Union Studies and International Relations

Histoire de la Science Politique Dans Ses Rapports Avec la Morale Paul Janet,1887 *Revue philosophique de la France et de l'étranger* ,1892 **La Revue scientifique de la France et de l'étranger** ,1880 The Natural Sciences and the Social Sciences Robert S. Cohen,2013-06-29 Natural Sciences and the Social Sciences contains a series of explorations of the different ways in which the social sciences have interacted with the natural sciences Usually such interactions are considered to go only one way from the natural to the social sciences But there are several important essays in this volume which show how developments in the social sciences have affected the natural sciences even the hard science of physics Other essays deal with various types of interaction since the Scientific Revolution In his general introductory chapter Cohen sets some general themes concerning analogies and homologies and the use of metaphors drawing specific examples from the use of concepts of physics by marginalist economists and of developments in the life sciences by organismic sociologists The remaining chapters which explore the different ways in which the social sciences and the natural sciences have actually interacted are written by leaders in the field of history of science drawn from a wide range of countries and disciplines The book will be of great interest to all historians of science philosophers interested in questions of methodology economists and sociologists and all social scientists concerned with the history of their subject and its foundations Jean-Jacques Rousseau et la science politique de son temps Robert Derathé,1970 Un des grands merites de cet ouvrage desormais classique est d avoir montre comment la doctrine politique de Rousseau resultait concretement d une reflexion approfondie sur les theories soutenues par l Ecole du droit de la nature et des gens C est cette situation de Rousseau dans la science politique de son temps qui permet a la fois d apprecier son genie propre et de mesurer exactement son originalite Le probleme historique des sources de la pensee politique de Rousseau est certes difficile mais son enjeu est tout a fait capital en raison meme des multiples allusions qu il renferme et dont le sens echappe au lecteur actuel le Contrat Social notamment reste l un des textes les plus obscurs de la litterature politique C est donc avant tout pour degager ce que Rousseau doit a ses predecesseurs et ce qu il apporte de radicalement nouveau que R Derathe a mene cette large enquete qui fait toujours autorite Histoire de l'historiographie moderne Eduard Fueter,1914 El autor analiza la historiograf a humanista en Italia Francia Inglaterra Alemania Suiza Espa a y otros pa ses Tambi n estudia otro tipo de historiograf as como la del racionalismo o el liberalismo
