Kama Sutra and Dirty Talk J Savannah Clark,2020-04-25 Do you want to learn how to master your sex life Do you want to learn how to make dirty sex talk If yes then keep reading Kama Sutra is the oldest in the world love treatise written by the Indian sage Mallanaga Vatsyayana who lived in the III IV century BC The Kama Sutra has a collection of all the ancient Indian erotic concepts knowledge and wisdom accumulated from thousands of amorous couples for centuries Today the Kama Sutra is the most famous book in the world pertaining to erotica When we speak of Kama Sutra we mean exquisite refined and highly sophisticated sex Kama Sutra like every great book is surrounded by a considerable number of myths and misconceptions For example many believe that most of the methods described in the Kama Sutra are so complicated that they can be practiced only by a very well trained and physically developed people While in fact you do not need to have any exceptional strength or acrobatic training to use the Indian s knowledge into practice Most of these errors are related to the fact that the West still does not exist in the counterpart of Kama Sutra The vast

majority of Western publications on the subject it's either outright pornography or medical reference books so oversaturated with anatomical details that reading them is enough for a person to stop treating sex as high art permanently. In contrast the sexual act in the East initially was considered a sacred ritual and the relationship between men and women consistently described in highly artistic poetic form. Instead Dirty Talk is the practice of using word imagery that is usually graphic in nature to heighten sexual excitement before and during sex. Talking dirty has become a mainstream method for couples to achieve intimacy in the bedroom. It can be delivered freely and a great deal of creativity can be involved. Talking dirty is an important part of sex. You have to start somewhere and if you don't start your partner may simply disconnect mentally every time during sex and go into their own fantasies. The point of talking dirty is to get into the present. Sexual energy is activated by sexual verbalizations. Men are notoriously known for getting bored too soon. Resist the urge of getting offended by this biological fact and use the skills that will be found in this book to spice up your bedroom activity. If dirty talk is not your thing practice until you are a master. Finding the right words to say can be difficult. When it comes to talking dirty you definitely need to know your partner. Communication is everything. The amount of dirty talk you utilize in the bedroom is very individualized and up to you and your partner. For the most part people love talking dirty and hearing it back to them. Arousal is not simply accomplished about touch. According to researchers sexy phrases you say whisper moan or even scream have the power to trigger neurochemical reactions in the brain to increase arousal to heightened states. When you get excited or aroused your pupils dilate. It's a sign your autonomic nervous system is working at increasing levels. It's also a sign that you are attracted to someone as well. This book covers the following topics: Compatibility, Things to know and best positions for your first time, Sex toys for beginners, Mind and body intimacy, Oral Sex Techniques, Anal sex, Best kama sutra position, How to be free from anxiety and insecurity, Erotic massages and sexual fantasies, Sex during the menstrual cycle, How exciting it is to talk dirty, The best things to say to your partner, Sexual tension increases with dirty talk, Unleash inhibitory restraints, Talking dirty to fulfill all your fantasies, Dirty talk phrases, Importance of communication, The psychology behind the language of lust, Foreplay, Building your carnal confidence, And much more.
