La Cultura Del Terrorismo:

La cultura del terrorismo Noam Chomsky, 2003 Un acercamiento al curso de Historia de la Cultura desde una perspectiva humanista Daniel Isaac Montero Segura, 2006 *Democracy, Italian Style* Joseph LaPalombara, 1987-01-01 Analyzes Italian politics argues that crises that threaten to destroy the government actually make democracy there stronger and discusses the Italian political parties *La paz en las culturas políticas del Mediterráneo* Fernando Martínez López, Francisco A. Muñoz, 2007-12-10 The Revolutionary Mystique and Terrorism in Contemporary Italy Richard Drake, 2021-03-02 What drives terrorists to glorify violence In *The Revolutionary Mystique and Terrorism in Contemporary Italy* Richard Drake seeks to explain the origins of Italian terrorism and the role that intellectuals played in valorizing the use of violence for political or social ends Drake argues that a combination of socioeconomic factors and the influence of intellectual elites led to a sanctioning of violence by revolutionary political groups in Italy between 1969 and 1988 Drake explores what motivated Italian terrorists on both the Left and the Right during some of the most violent decades in modern Italian history and how these terrorists perceived the modern world as something to be destroyed rather than reformed In 1989 *The Revolutionary Mystique and Terrorism in Contemporary Italy* received the Howard R Marraro Prize from the Society for Italian Historical Studies It was awarded for the best book that year on Italian history The book is reissued now with a new introduction for the light it might shed on current terrorist challenges The Italians had success in combating terrorism We might learn something from their example The section of the book dealing with the Italian superfascist philosopher Julius Evola holds special interest today Drake s original work takes on new significance in the light of Evola s recent surge of popularity for members of America s alt right movement El asalto a la cultura democrática Santiago Belloch, 2003 Italy Today Mario B. Mignone, 2008 *Italy Today* is a concise narrative of the nation s stunning transformation from the ashes of World War II to the leading economic and cultural power it is today This book provides insights into the dynamics of Italy s progression from the Second World War through the anthropologically revolutionary 1970s and 80s and into the complexities of a postindustrial nation negotiating the challenges created by industrial economic and cultural globalization Encompassing the cultural political and economic spectrums topics include communism socialism foreign relations terrorism industrial and social transformations education emigration and immigration family tradition feminism the transformation of class and gender roles political favoritism and corruption popular culture culture and civil society the broader problems of the development of civil society and the rule of law in southern Italy and the role of politics in shaping contemporary Italy The book devotes particular attention to the controversial issues of the role of the family in Italian society and economy the insidious presence of the Mafia the lasting influence of Catholicism the impact of television and the country s often unstable politics framing all these as the result of a complex and unique relationship between the individual and the state with the family acting as intermediary Four major sections analyze politics the economy society and

mass culture and comprise a portrait of contemporary Italy that will appeal to a broad range of scholars students and general readers

Political Violence in Context Lorenzo Bosi, Niall Ó Dochartaigh, Daniela Pisoiu, 2024-08-30 Context is crucial to understanding the causes of political violence and the form it takes This book examines how time space and supportive milieux decisively shape the pattern and pace of such violence While much of the work in this field focuses on individual psychology or radical ideology Bosi Dochartaigh Pisoiu and others take a fresh innovative look at the importance of context in generating mobilisation and shaping patterns of violence The cases dealt with range widely across space and time from Asia Africa and Europe to the Americas and from the Irish rebellion of 1916 through the Marxist insurgency of Sendero Luminoso to the Invisible Commando of Côte d'Ivoire They encompass a wide range of types of violence from separatist guerrillas through Marxist insurgents and Islamist militants to nationalist insurrectionists and the distinctive forms of urban violence that have emerged at the boundary between crime and politics Chapters offer new theoretical perspectives on the decisive importance of the spatial and temporal contexts and supportive milieux in which parties to conflict are embedded and from which they draw strength
