Langues et littératures Collectif,, Andrée-Marie Harmat, Lance Hewson, 2001-09-18 La plupart des textes rassemblés ici ont été rédigés pour le colloque international Linguistique et langue anglaise qui s'est tenu Toulouse les 7 et 8 juillet 2000 Des linguistes des traductologues et des stylisticiens ont mis en lumière la nécessaire homogénéité de leurs outils respectifs lorsqu'ils sont appliqués ce qui constitue le dénominateur commun de leurs diverses approches la langue En effet on peut difficilement envisager de faire passer la spécificité d'un texte d'un encodage de départ donné un encodage d'arrivée choisi pour le traductologue d'y découvrir la trace de mécanismes fondamentaux pour le linguiste de dénicher des marqueurs de subjectivité créant des écarts par rapport une norme plus ou moins établie pour le stylisticien sans tenir compte des structures énonciatives et syntactico sémantiques d'une ou plusieurs langues naturelles Most of the papers in this volume were written for the international conference on Linguistics and the English Language which was held in Toulouse on July 7 and 8 2000 Their authors linguists translation specialists and stylisticians underscore the necessarily homogeneous character of their scientific tools when applied to what obviously constitutes the common ground of their respective approaches language Indeed one can hardly aim at translating the specific encoding of a given source text into the chosen encoding of a target text at bringing out the traces of basic language mechanisms at highlighting the markers of subjectivity generating significant deviations from more or less pre established norms without being fully aware of the enunciative syntactic and semantic structures of one or several natural languages This is precisely what each of the contributions selected for this volume tries to achieve with its own specified methodological device **The Practice of Language** M. Gustafsson, L.

Hertzberg, 2013-04-17 How is linguistic theory related to linguistic practice What do theoretical notions and models tell us about real life language use Are there any limits to what such notions and models can reasonably be taken to accomplish These questions are fundamental to any serious investigation into the phenomena of human communication The essays in this book show that philosophers and linguists of quite different brands have tended to give undue priority to their own favourite theoretical framework and have presupposed that the descriptive scheme invoked by that framework constitutes a pattern to which any linguistic practice somehow has to conform What unites the contributors to this volume is a critical attitude towards such essentialist aspirations By investigating several concrete examples of this tendency examples collected from such seemingly disparate areas as structuralism contemporary analytic philosophy and feminist epistemology the authors collectively manage to cast doubt on the very attempt to fit the whole of linguistic practice into a general theoretical mould

Labaki,2021-01-20 Maurice Merleau Ponty is the giant phenomenologist of his time in the entire French speaking world He is not an epistemologist nor a moralist For him the beginning of the beginning is human flesh the flesh becomes word the word becomes flesh and both die There is science and there is experience perception The mother is the latter They aren t contradictory but complete and depend on each other With regard to language for him there are words and there is grammar A word is never empty but carries its own weight even a lie is full of meaning Liberty resides in grammar an individual function and independent from books It s in the grammar where singularity lives Thinking and talking are the same Wherever there is human life there is meaning and that is irrespective of age culture religion education or social position Merleau Ponty is not a Marxist nor a communist According to him history is blind it has no mind He also finds a flaw in Freudianism Flesh is an infinite universe full of stars and black holes Following Merleau Ponty verity is dévoiler and dévoiler is verity but verity is never absolute One must take a step back There is light and there is shadow they never coincide in human life The shadow is always first and no matter how one tries to run he will never catch his shadow
