Le Diable De Kilmartin:

Kaleidophonic Modernity Brett Brehm, 2023-02-21 What stories remain hidden behind one of the most significant inventions of the nineteenth century *Kaleidophonic Modernity* reexamines the development of mechanical sound recording technology by charting the orbits of writers scientists and artists in France and the United States Working between comparative literature the history of science and urban studies Brehm builds a bridge between visual culture and sound studies *Kaleidophonic Modernity* places the poet and inventor Charles Cros and his lover the celebrated concert pianist and saloonier Nina de Villard at the heart of modern aesthetic and scientific vanguards Cros's scientific endeavors ranged from color photography to telecommunications to mechanical sound reproducibility In his poetry the Surrealists found an ancestor and inspiration His literary and scientific works prove startling and relevant to predicaments of technological media in his own time and ours For nearly twenty years Nina de Villard presided over a supremely daring intellectual salon There she welcomed manifold literary artistic and musical luminaries into a veritable crucible of the artistic avant garde and precursor to the famous Chat Noir cabaret Together these two forgotten but pivotal figures Cros and Villard help reframe our thinking on Edgar Allan Poe Charles Baudelaire and Walt Whitman icons of urban modernity who can now be seen and heard in a kaleidophonic light one that offers a compelling new perspective on modern mediascapes In elaborating this transatlantic phenomenon *Kaleidophonic Modernity* illuminates the prehistory of the phonograph as it intersects with the aesthetics of sound reproducibility Franco American literary exchange Poe's aesthetic and intellectual legacy the sounds of modern cities and technologies and the genealogy of audiovisual experimentation found in such movements as Dada Futurism and the sound art of today *European Writers* William Thomas Hobdell Jackson, George Stade, 1983 Covers writers who have made significant contributions to European literature Includes in depth critical and biographical analysis **Marilyn, Hitler and Me** Milton Shulman, 1998 Having grown up and trained as a lawyer in Toronto Shulman worked as an intelligence officer and was responsible for interviewing German prisoners of war In this book he chronicles his own fascinating life history

Fictional Truth Michael Riffaterre, 1990 In *Fictional Truth* Riffaterre identifies and discusses the features that give fictional narratives their ring of truth He offers a semiotic revision of traditional narratology sets forth a new theory of intertextual overdetermination and presents an analysis of the manifestation of narrative content through the operations of an intertextual unconscious Throughout Riffaterre tests theory against close readings of fiction by such authors as Austen Balzac Dickens James Meredith Proust and Trollope An introduction and glossary of terms help make this an indispensable volume for the student as well as the specialist **The People of the Book and the Camera** Ofra Amihay, 2022-06-30 Amihay offers a pioneering study of the unique nexus between literature and photography in the works of Hebrew authors Exploring the use of photography both as a textual element and through the inclusion of actual images Amihay shows how the presence of visual elements in a textual work of fiction has a powerful subversive function Contemporary Hebrew authors

have turned to photography as a tool to disrupt narratives and give voice to marginalized sectors in Israel including women immigrants Mizrahi Israelis LGBTQ individuals second generation Holocaust survivors and traumatized army veterans Amihay discusses standard novels alongside graphic novels challenging the dominance of the written word in literature In addition to providing a poetic analysis of imagetext pages Amihay addresses the social and political issues authors are responding to including gender roles Zionism the ethnic divide in Israel and its Palestinian minority In exploring these avant garde novels and their authors Amihay elevates their significance and calls for a more expansive definition of canonical Hebrew literature

A Voice and Nothing More Mladen Dolar, 2006-02-03 A new philosophically grounded theory of the voice the voice as the lever of thought as one of the paramount embodiments of the psychoanalytic object Plutarch tells the story of a man who plucked a nightingale and finding but little to eat exclaimed You are just a voice and nothing more Plucking the feathers of meaning that cover the voice dismantling the body from which the voice seems to emanate resisting the Sirens song of fascination with the voice concentrating on the voice and nothing more this is the difficult task that philosopher Mladen Dolar relentlessly pursues in this seminal work The voice did not figure as a major philosophical topic until the 1960s when Derrida and Lacan separately proposed it as a central theoretical concern In *A Voice and Nothing More* Dolar goes beyond Derrida's idea of phonocentrism and revives and develops Lacan's claim that the voice is one of the paramount embodiments of the psychoanalytic object objet Dolar proposes that apart from the two commonly understood uses of the voice as a vehicle of meaning and as a source of aesthetic admiration there is a third level of understanding the voice as an object that can be seen as the lever of thought He investigates the object voice on a number of different levels the linguistics
