Concours D'un Grand Nombre de Collaborateurs Fernand Cabrol, 1920 The Thought Awaits Us All Daniela
Calabrò, 2024-10-25 This volume shows how Nancy was able to deconstruct the founding sign of all metaphysics and all
transcendence by redefining the concepts of existence corporeality and community opening them up to the disclosure of the
outside to the exception of the world It draws on the work of the Italian philosopher Roberto Esposito and includes a dialogue
between Nancy and Esposito The overcoming of the modern perspective is covered by Descartes and Hegel who are analyzed
in light of Nancy This text proposes a deconstruction of the Western tradition in its philosophical aesthetic and political
registers and conveys a new ontology that breaks with the categories of the One and the Multiple the Universal and the
Particular in order to identify the relationship between the plural and the singular and understand what it means to be
together to be in common to be in the world It is suitable for scholars researchers and students of philosophy and

Macherey, 1995-03-16 This 1995 book by Pierre Macherey was his first dealing with literature and theory since his seminal A
Theory of Literary Production Continuing the project of Althusserian theory Macherey engages in a series of close exegeses
of classical texts in French literature and philosophy from the late eighteenth century down to the 1970s that explore the
historically variable but thematically similar ways in which literary texts represent philosophical ideas Rejecting the simple
notion that literature deploys philosophical topoi in an unmediated manner Macherey shows the conceptual sophistication
and broad intellectual influence that literary art has displayed in the modern period At once a theoretical meditation of great
originality and a historical work of scrupulous scholarship The Object of Literature will entrench Pierre Macherey's already
considerable reputation as one of the most significant contemporary theoreticians of literature Mémoires Et Comptes
