Stiga Multiclip Pro 50 4S Inox

A self-propelled professional lawnmower with the effective Multiclip system. Equipped with a 4-speed transmission.

The Multiclip system cuts and fertilises the lawn. It also makes the lawnmower quieter. You don't need to rake or empty a collector. You cut the grass about 30 % faster compared to collecting.

The lawnmower is designed with stainless steel chassis. For professionals or other users who want the best. Professional features are for example, low vibrations which means that you can work a full day without white fingers, a very sturdy deck and wheels in aluminium, adjustable handle for cutting close to walls, central height adjustment and a friction blade holder that protects the engine if you hit solid objects.

Cutting width is 48 cm.
