

## Basic MLA Format Guidelines

**Margins:** 1 inch on all sides (top, bottom, left, right)

**Font Size and Type:** 12 pt. font size, Times New Roman or other legible font

**Spacing:** Double-space throughout the paper (Includes title page, abstract, body, and references)

**Page Numbers:** Create a header in the upper right-hand corner, ½ inch from the top and flush with the right margin that includes your last name, followed by a space and then consecutive page numbers (1,2,3,4). (If your teacher requests you to leave off the page number on the front page, follow their instructions.)

**Paragraph Indentation:** Indent the first line of every paragraph by ½ inch (Use Tab key on keyboard)

**Title Page:** None, unless otherwise instructed by professor.

**Personal Information for First Page:** One inch from the top in the upper left-hand corner of the first page in this order: your name, your instructor's name, class course number, and the date. Each goes on a separate line and is double-spaced.

**Paper Title:** Follows the personal information section and is placed in the center of the page. Do not underline, place your title in quotation marks, add a period at the end of your title or write the title completely in capital letters! Do not use italics except for official titles of published works.

**Endnotes:** Include endnotes on a separate page before your Works Cited page and add a title in the center entitled Notes.

**Works Cited Page:**

- Begin the Works Cited list on a new page.
- Label the page Works Cited and center it at the top of the page. Do not italicize, underline or put quotation marks around the words *Works Cited*.
- Double space all citations. Do not add extra spaces between entries.
- Indent the second and subsequent lines of each citation five spaces by using the Tab key so that you create a hanging indent.
- List all works cited in alphabetical order by the first word in the citation.
- **You no longer have to include URLs unless your professor requests them.**
