America and the Western world often project our own cultural bias into Christ's great commission Matthew 28:18-20. Most discipleship books in fact assume that discipleship is an individualistic endeavor between me and God. And yes, there is an important individual aspect, e.g., personal devotions, etc. Yet in Matthew 28, Jesus was talking to a group of disciples. He wanted them to follow his example by making disciples in a group. Jesus molded twelve disciples in a group and then sent them house to house. So how does the cell church make disciples? In this book, I show how the cell small group works together with the cell system to make disciples who make disciples. In the cell, a potential disciple is transformed through community, priesthood of all believers, group evangelism, and team multiplication. In the cell, potential disciples are formed through learning how to love one another, exercising their gifts, evangelizing together as a group, and then sent forth as teams to start new groups. Discipleship is a group process in the New Testament, and God is calling his church to re-emphasize this truth. The cell system ensures each leader has a coach, and that training/equipping track happens. Then the cells gather together to worship and grow through the teaching of God's Word. All three aspects are essential to form disciples. Training is needed because disciples won't learn all they need to know in the cell. Coaching ensures that each leader is cared for and receives shepherding. The celebration service brings the cells together to hear God's Word, worship, and receive fresh vision. The goal of the two-wing cell church is to make disciples who make disciples. The cell church today makes disciples by following the early church pattern of cell and celebration. Recommendations: I've read all of Joel Comiskey's books, but *Making Disciples in the Twenty-First Century Church* is his best work yet. In this book, Joel reminds us that the real call and challenge of the Church is not developing leaders or numerical growth, but making disciples who make disciples. He also helps us understand why that is best done in a cell or small group context and gives us great insight about how to make that happen. I'm looking forward to having all of our Pastors, Coaches, and Cell Leaders and Members read this book in the near future. Dennis Watson, Lead Pastor, Celebration Church of New Orleans. ____ I am so excited about Joel Comiskey's new book *Making Disciples in the Twenty-First Century Church*. When I'm asked what makes a cell church thrive, I always say discipleship. Thank you, Joel, for unpacking discipleship not just as an endeavor for individuals but as the critical element for creating a church community and culture that reproduces the Kingdom of God all over the earth. I pray this book won't only be read but lived out as we were made to make disciples. Jimmy Seibert, Senior Pastor, Antioch Community Church, President and Founder, Antioch Ministries International. ____ I really like that Joel asked the *Why* question before the *How* question. He even takes on the *What* question, which is just as important. The interest in discipleship is greater now than anytime in the last fifty years. I fear, however, that we are using the same words but are not speaking the same language. I recommend this work. I cheer Joel on; he joins many of us who are masters of the obvious. It seems so obvious that our purpose is to be disciples and make disciples. I cheer him on because he goes beyond the *What* and *Why* and does address the *How*. This will help any person who reads it, and I pray that there will be many. Bill Hull, Author of *Jesus Christ Disciple Maker*, *Disciple Making*, *Pastor Disciple Making*.
