The Confucian Misgivings--Liang Shu-ming's Narrative About Law Zhangrun Xu, 2017-06-23 The major intellectual interest throughout this book is to offer a study on China's legal legacy through Liang Shu ming's eyes The book follows the formula of the parallel between Life and Mind Physis and Nomos and compares Liang Shu ming's narrative with his own practical orientation and with the theories of other interlocutors The book puts Liang Shu ming into the social context of modern Chinese history in particular the context of the unprecedented crisis of meaning in the legal realm and the collapse of a transcendental source for Chinese cultural identity in the light of modernity The evaluation provided by this narrative could be helpful in clarifying the deep structures and significance of the present Chinese legal system through historically exploring Liang Shu ming's misgivings The book is intended for academics of legal history and cultural studies The book is unique in that it is the first book to explore New Confucian's considerations on reconstruction of Chinese legal system in the modern era It presents a comprehensive systematical comparison of Liang Shu ming's narrative about constitutional government in China against other schools of thought

The Order of Places Yongtao Du, 2015-02-24 There were over a thousand counties and prefectures in late imperial China each loomed large in the hearts and minds of the local natives and had a history of its own The Order of Places tells a story of how these places were ordered by the long lived imperial state and then re ordered during the sixteenth through eighteenth centuries as geographical mobility increased At the center of the story are the mobile merchants from south China's Huizhou Prefecture then the most prominent merchant group in China The story presents the dynamics of geography in the world's most enduring empire on the eve of its entry into modern history as the author explores the changing relationships between people and the place they called home between local place and the life world the Chinese called all under Heaven and between local places
